## Where the Real Sickness Lies - And How We Can Heal It

### INTRODUCTION

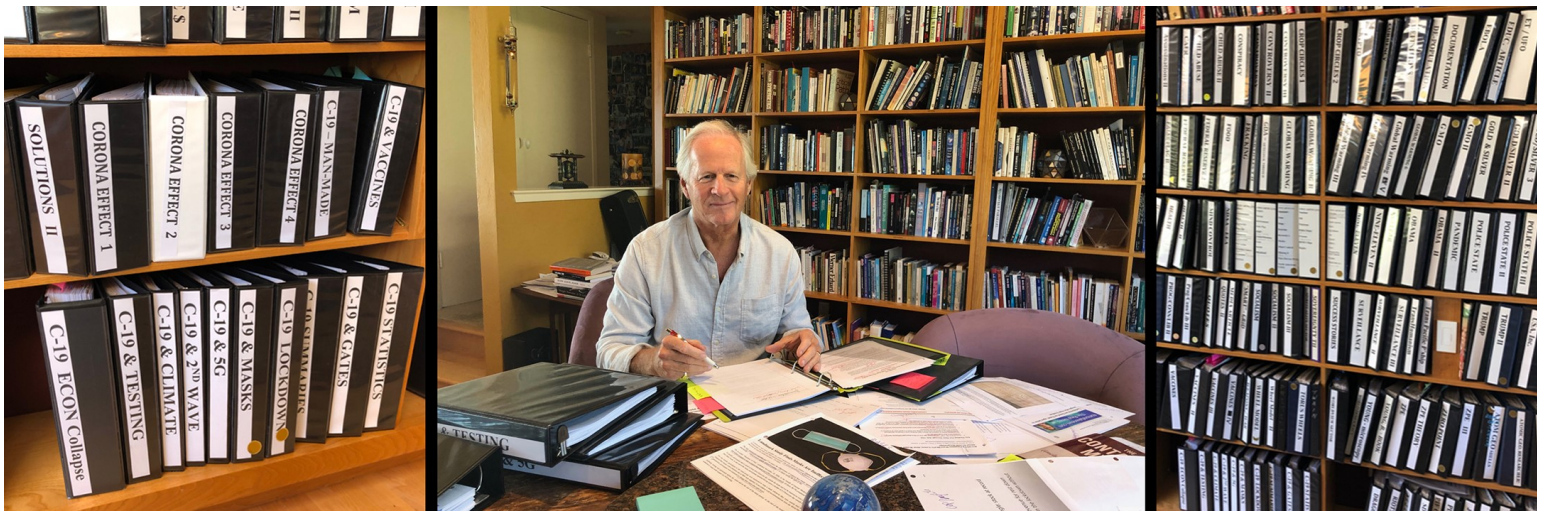

*"If you tell a lie big enough and keep repeating it, People will eventually come to believe it."*

~Joseph Goebbels, Hitler's Nazi Minister of Propaganda

Billions of people seem to be paralyzed by confusion, fear and helplessness.

We're hearing in the mainstream media that the predicted second wave is here and that record case numbers are being reported. Europe is shutting down again. Joe Biden is touting national mask mandates and more lockdowns. Mainstream media is avoiding any discussion of contrary evidence to their narrative, alternate opinions from experts who disagree, or acknowledgment of Sweden, South Dakota, Russia, and others, who didn't do lockdowns, and were apparently better off for it.

Mainstream media tells us to resist conspiracy theories and that good people obey, while the number of supposed cases, our economy, our relations and our options just keep getting worse. But what if the media is itself an arm of a very real and dangerous conspiracy they are telling us to avoid? Whether or not we trust these mainstream sources is at the heart of the great divide we are experiencing. Even a cursory look at who pays for the ads on mainstream news unveils a bias to support pharmaceutical interests. This is just the tip of the iceberg.

**Eleven months of dedicated research have led me to the inescapable conclusion that most of us are unsuspecting targets of the greatest crime in history.** We are on the verge of a global scenario of medical, biological and political tyranny that would make Hitler's holocaust and Mao's Great Leap into genocide look like child's play – because this time it encompasses the entire planet.

There is no shortage of good research for the truly curious about what is really going on, but you are not going to find it in most mainstream press. In fact, we can often identify it because it's being censored. What I hope to offer to the mix is a comprehensive connecting of the dots and some strategies for what we can do about it.

I will describe the coherent story that's emerged from cross referencing thousands of papers, studies, articles, books and videos. I will present the most critical information as a Q&A dialogue to distill many conversations I have had over the last few months. This is not intended to instill fear, though understandably people will have a whole range of emotional responses to the scenario I am depicting. It is intended to inform and empower whoever is ready to take critical action toward ending unnecessary suffering and creating together a truly thriving world.

***So hold on to your shorts....here we go.***

## DIALOGUE

**Q - So what do you think of this whole COVID thing?**

I think there are very dangerous things that are happening, so, as with martial arts, we need to relax, find our center, be agile, and as discerning as possible about what is coming at us.

**Q - Are you worried about the virus?**

I try to be alert to any contagion that might make me or anyone else sick. So, I am extra careful to keep my immune system strong and avoid being around people who are sick.

**Q - They're calling this a "global pandemic," with hundreds of thousands of deaths. Doesn't that concern you?**

My biggest concern is not Covid-19, but what is behind it.

**Q - What do you mean by "what is behind it?"**

My life's experience has made me very wary of taking the statements of the mainstream media, the government, the globalists or the pharmaceuticals at face value. It's encouraged me to look to see how we might be being duped into serving their agenda of increasing control over peoples' lives. I think we need to swim upstream into the common assumptions to discover what is really going on.

**Q - Are you saying that you're a conspiracy theorist?**

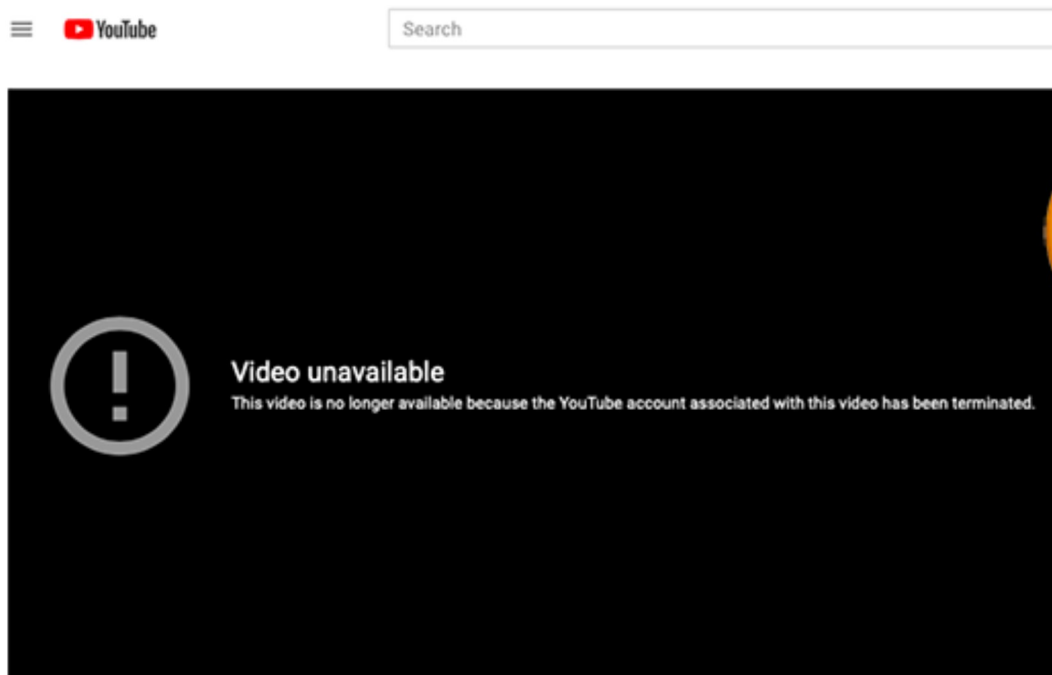

Yes, like most people who have actually looked deeply into conspiracies in the past and present. But more importantly, I consider myself to be a conspiracy analyst. I am very aware that much of the destructive activity in the world is a result of very real conspiracies. So, when we're confronted with news about the next scary threat, we can look through several lenses.

We can panic and surrender ourselves to whatever dictates come down from the controllers (as with 911, the 2008 housing bubble collapse, Ebola, Zika, and Swine Flu, etc.), or we can start looking diligently to discover as much truth as we can. In my 15 years of training and teaching the nonviolent martial art of Aikido, I learned that the first prerequisite, for

defending ourselves and our loved ones, is situational awareness - an accurate assessment of our surrounding reality.

Wouldn't it make sense, if the whole world were actually confronted with some deadly microbial threat, to have televised public debates with experts from all different sciences and perspectives? But we haven't seen that. Quite the opposite. The terrifying projections that justified this whole authoritarian takeover have failed to manifest. These projections of fatalities were created by Gates-funded Neil Ferguson **(1)** of the Imperial College of London, the same guy whose UN funded global warming models were used to try to justify and fund a one world government. Those too were outrageously overstated but still served to scare people almost enough to accomplish their intended goal of creating a tax base from which to fund an all-powerful global authority.

***What you see when your content is banned:***

We've seen outright censorship **(2)** of tens of thousands of reputable medical experts and other investigators if they disagree with the establishment dogma handed down by the World Health Organization, the Centers for Disease Control, GAVI, the United Nations, the

World Economic Forum, Big Pharma and some of the big banks.

Alerts are coming from across the world. Archbishop Carlo Maria Vigano **(3)** warns, “The purpose of the Great Reset is the imposition of a health dictatorship (remove comma)... with a health passport, digital ID, contact tracing, ...and detention camps.” This is the man who also helped unmask coverups of the child sexual abuse at the Vatican. The President of Ghana also offered a public warning. **(4)** – video (Quote)

**Q - But these are large, well-funded, highly respected organizations in the international community. Why would we not go along with the expertise of such top-level establishments?**

After decades of research, I laid out the case in THRIVE I **(5)** that the major unspoken mission of most of these organizations is not to nurture peoples’ health, freedom and prosperity, but to deceive, manipulate and force humanity into a centralized, one world totalitarian authority - their so-called New World Order, more recently referred to as The Great Reset.

**Q - That just sounds like the script for a James Bond movie, not real life. How on earth could a relatively small group of people could gain enough power and keep things secret enough to fool 99.9% of humanity into surrendering their liberties?**

Could you have imagined nine months ago that virtually all of humanity – with little questioning or resistance - could be quarantined in their homes, their businesses destroyed, required to wear masks, and pressured to fear and avoid one another?

**Q - No, I honestly couldn’t, but it seems like we’re in a dire predicament that calls for a dramatic response. That’s not enough to make me think this is part of some giant agenda to take over the world.**

That’s understandable, so let’s look deeper. I made it very clear in THRIVE I and II that those who want to dominate the world have been trying very hard for a long time to accomplish certain milestones that would give them the power that they seek. In nine years, not a single one of those facts and claims has been successfully refuted and that agenda has dramatically progressed, so, unfortunately, it seems I was correct in my diagnosis.

I was recently visiting with a friend – a very smart lady who is uninformed about most of this, and she was saying that she couldn't imagine how the citizens of Germany could have missed what was really going on with Hitler's agenda for so long. I said, "They were probably feeling the same sense of denial that you are right now." We are like the proverbial frog in the pot that is slowly being brought to a boil.

Most American universities have become Marxist indoctrination camps **(6)**, with young people mortgaging their lives to get trained to cheer their way into the ultimate subjugation that has consistently ended in poverty, imprisonment, torture and mass slaughter.

The globalists have been very successful in taking over schools, governments, militaries, intelligence agencies, currencies, economies, media, entertainment and more. They have suppressed truth-seeking media, new energy, breakthrough medical cures and natural agriculture.

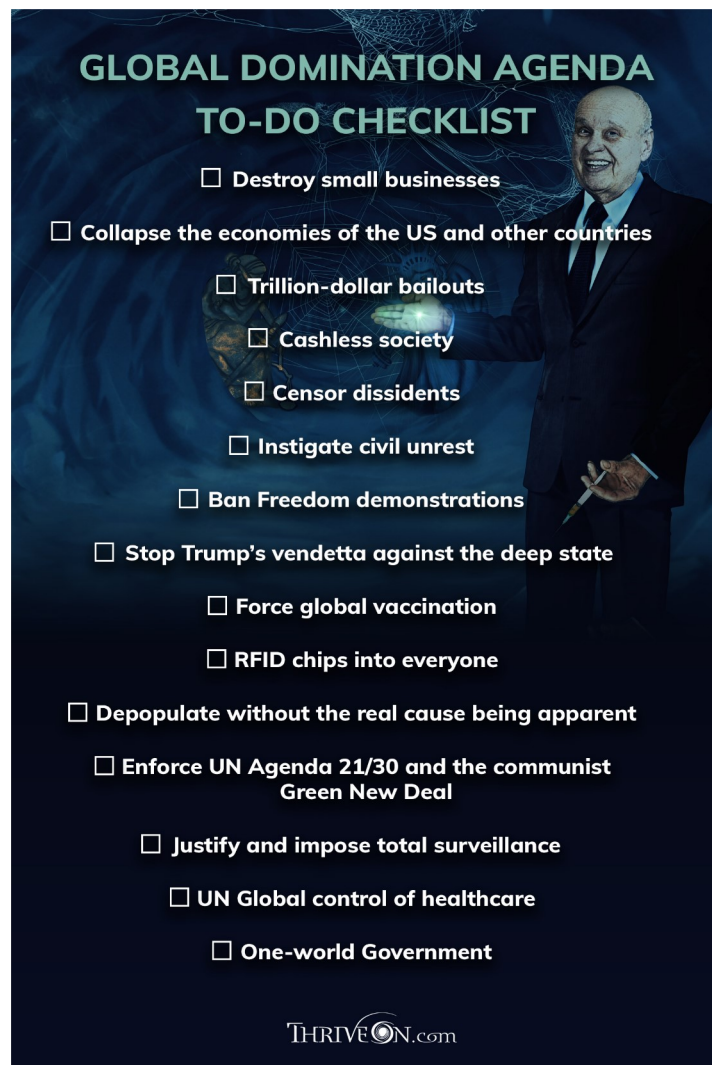

However, there are some important items on the controllers' necessary "to-do" checklist with which they were not being successful enough to gain total control.

Suddenly, in the last nine months, they are startlingly close to accomplishing them all.

## **CONTROLLERS' "STILL NEED TO-DO" CHECKLIST**

**Q - What do you think they are still trying to do?**

Here are some examples:

- **Destroy small businesses**

- Mega corporations stay open while small businesses and churches are shut down - further decimating the middle class

- **Collapse the economies of the US and other countries**

- This would eliminate the major obstacle to a One World Government – hundreds of millions of armed and independent freedom lovers.
- The top billionaires in the US have vastly increased their wealth **(7)** while hundreds of millions of others are losing their incomes, businesses and homes.
- Big Tech like Google, Amazon and Facebook have been suddenly and quietly buying up newly vacated office buildings **(8)** in Covid and riot-torn cities like New York.

- **Distract people while printing trillion-dollar bailouts (9) for the bankers, major corporations and states**

- The big US and European banks were all going bankrupt with trillions in derivatives debt – and they were being unable to raise interest rates, taxes or creating new wars – which are the usual Big Bank rescue techniques.

- **Enforce a Cashless society (10)**

- This would allow for total monitoring and digital control over everyone's resources. Government run cryptos, rather than independent, would only aid with this control strategy.

- **Censor dissidents – Internet, books and films**

- This is the technocratic version of Orwell's Ministry of Truth and Thought Police

- **Instigate civil unrest**

- Turning up the flame on getting us to blame and fight with each other - just like all of the Soros-funded "color revolutions" around the world, making it easier to justify Martial law and paving the way for the - - Rothschild banking system and acquiescence to the New World Order.

- **Ban Freedom demonstrations in countries everywhere, including like Hong Kong, France and China**

- **Stop Trump's vendetta against the deep state by hurting the economy, blaming him for Covid and forcing mail-in ballots that are more easily manipulated**

- **Force global vaccination (11)**

- The Gates/Gavi/Monsanto eugenics and depopulation cartel changing our RNA/DNA to turn humanity into a GMO species – easier to control and ready to merge with or surrender to Artificial Intelligence robots. Will natural humans want to breed with GMOs? Will we need ID cards to describe the state of our DNA? How

long before no natural humans exist? **(12)**

- **Get RFID chips into everyone's body**

- Makes us easier to track, to sicken or to effect emotionally - using 5G and other EMF radiation

- **Rapidly reduce the population without the real cause being apparent**

- A smaller population is easier to control, with less competition for food

- **Impose UN Agenda 21/30 (13) and the Green New Deal**

- This is the techno/communist plan - fronted by the UN under the guise of environmentalism and Sustainable Development Goals - to control all populations, move most into cities and centrally manage the allotment of resources through the smart grid and Chinese communist style social credit scores.

- **Justify and impose total surveillance (14)**

- From the skies, on the streets, on our computers, in our homes and appliances and in our bodies through chipping with tracking and tracing

- **Technocratic fascism**

- Rather than an individual Dictator or King (whose unjust authority people have come to recognize), the technological system itself that tracks us, restricts and rewards us will seem to be the source of authority. But behind this digital curtain will still be always hiding the fearful sociopathic wizards – perverted secret societies using lies and fake money to dominate or destroy the rest of us.

- **Universal government control of healthcare**

- National government control of healthcare has already proven to be incompetent and coercive. Now the UN is pushing for Global control of everyone's access to medical treatment. **(15)**

- **A One-world Government**

- The Paris Climate Accord, The Trans Pacific Partnership, the WEF's Great Reset...these are all deceptive ruses to get the human species to fund, legalize and submit to a One World Totalitarian State – the tragic and lethal grand goal of the Global Domination Agenda.

***What the Global Domination Agenda Looks Like***

**Q - Maybe it's just coincidence? Perhaps humans are inherently bad and need parental type rule.**

So perhaps you are a "Coincidence Theorist?" The virus is not natural. The economic collapse is not natural. The proposed vaccines are not natural. Forcing people to inject toxins is not natural or moral. Assuming the authority to force people from their work and restrict their movement is neither natural nor moral.

We are in a very dangerous moment globally – partly in relation to our health – but mostly in relation to the perpetrators of the global domination agenda using this Covid "false flag" operation, this "Problem/Reaction/Solution" scenario, to leap over their intended goal line in their plan for complete species rule. From their perspective, it's "How can we get complete control of the global systems with minimal resistance and before people realize what we're doing?"

Yes, it can happen here. It already is.

Enough of us need to understand this and take action. They will keep going unless they are stopped.

We need to wake up to that agenda and not only say NO, but to use this crisis to expose, obsolete and prosecute those who would rob us of our freedom, our resources - even our very lives - to fulfill their sick need to control everything and everyone on planet Earth.

This is what they have been aiming toward. We warned of it all 9 years ago in Thrive I. The narration is "This is what the de-population agenda looks like today." Note the "toxic vaccines," "irradiation" and "man-made pandemics."

**Screen shot from THRIVE I**

This is the Rothschild/Gates/Rockefeller/UN/CIA/WEF/CDC/WHO globalist cartel fulfilling a multi-decade plan to cover for the collapse of their indebted banks and take over the world before they are fully exposed, out of power and prosecuted.

**Q - Are you suggesting that this whole global outbreak was intentionally orchestrated in order to further this agenda or just that some people are taking advantage of a pandemic for their own benefit?**

My investigator friends tell me that to solve a crime, follow the money and look for **MOTIVE, MEANS AND OPPORTUNITY**. Global Domination has long been a core driving **motive** (more

important than money to the folks at the top of the pyramid who can print or take your money). Bill Gates, George Soros, the Rockefellers, the Rothschilds and the other usual suspects have the **means** to buy out, bribe or threaten the key technology, pharmaceutical and media companies as well as the big regulatory agencies. So, it makes sense to see if there is any evidence that they have been planning to create and seize the **opportunity** to inflict their mega crimes on humanity.

Let's take a look at the circumstantial evidence that is publicly available and see what sort of picture it paints.

## CIRCUMSTANTIAL EVIDENCE

A June, 2001 exercise, known as "Dark Winter" predicted many aspects of the government pandemic response that would later re-emerge in 2010. **(16)**

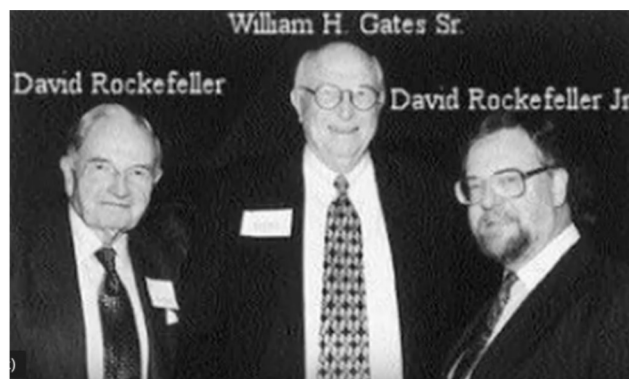

In 2010, the Rockefeller Foundation published a study **(17)** on potential pandemic responses featuring one called "Lockstep" which is nearly identical to the current global authoritarian shutdown.

In the same year Bill Gates announced the "Decade of the Vaccine: 2010 – 2020." **(18)**

Gates is a second-generation eugenicist **(19)** in favor of drastic de-population who has spoken repeatedly in public of the positive role of vaccines in reducing population.

Gates, the CDC, the WHO and various Big Pharmas were caught multiple times with hidden sterilants in vaccines they were promoting in Africa, Philippines, Mexico, India etc.5

Gates was a major funder of the Svalbard, Norway organic seed vault **(20)**, while pushing GMO seeds on African and Indian farmers.

Gates has been funding all stages of this vaccine agenda - planning, weaponization, manufacturing, vaccination, testing, tracing, tracking, chipping, the WHO and the media.

Gates was a partner, along with the CDC, WHO, big pharma, big banks and Johns Hopkins in creating Event 201 **(21)** – in October of 2019. This video-recorded scenario rehearsal once again shows the detailed planning for global lockdowns, economic collapse, food shortages, civil unrest and authoritarian overreach - with the pandemic as an excuse.

Dr. David E. Martin's research exposes that the CDC started unlawfully patenting ownership of the Sars-Covid virus in 2003. **(22)**

Fauci destroyed Dr. Judy Mikovitz's whistleblowing research into the virus and had her imprisoned for years on no charges. Why would they do that? She tells her story in the film [PLANDEMIC](#) and in her books, PLAGUE and PLAGUE OF CORRUPTION.

Fauci has flip-flopped on masks, testing and lockdowns – depending on which way the political wind is blowing. The only thing he seemed certain about was in 2017, when he said in a public speech, “Trump will see a surprise pandemic in his term **(23)**.” Was he psychic...or in the know?

The UN has been striving to impose their Agenda 21 **(24)** as a front for a one-world communist-style government. Is it coincidence that it was scheduled for completion right after the “decade of the vaccine? Apparently, it's running a little late, so it was renamed Agenda 2030.

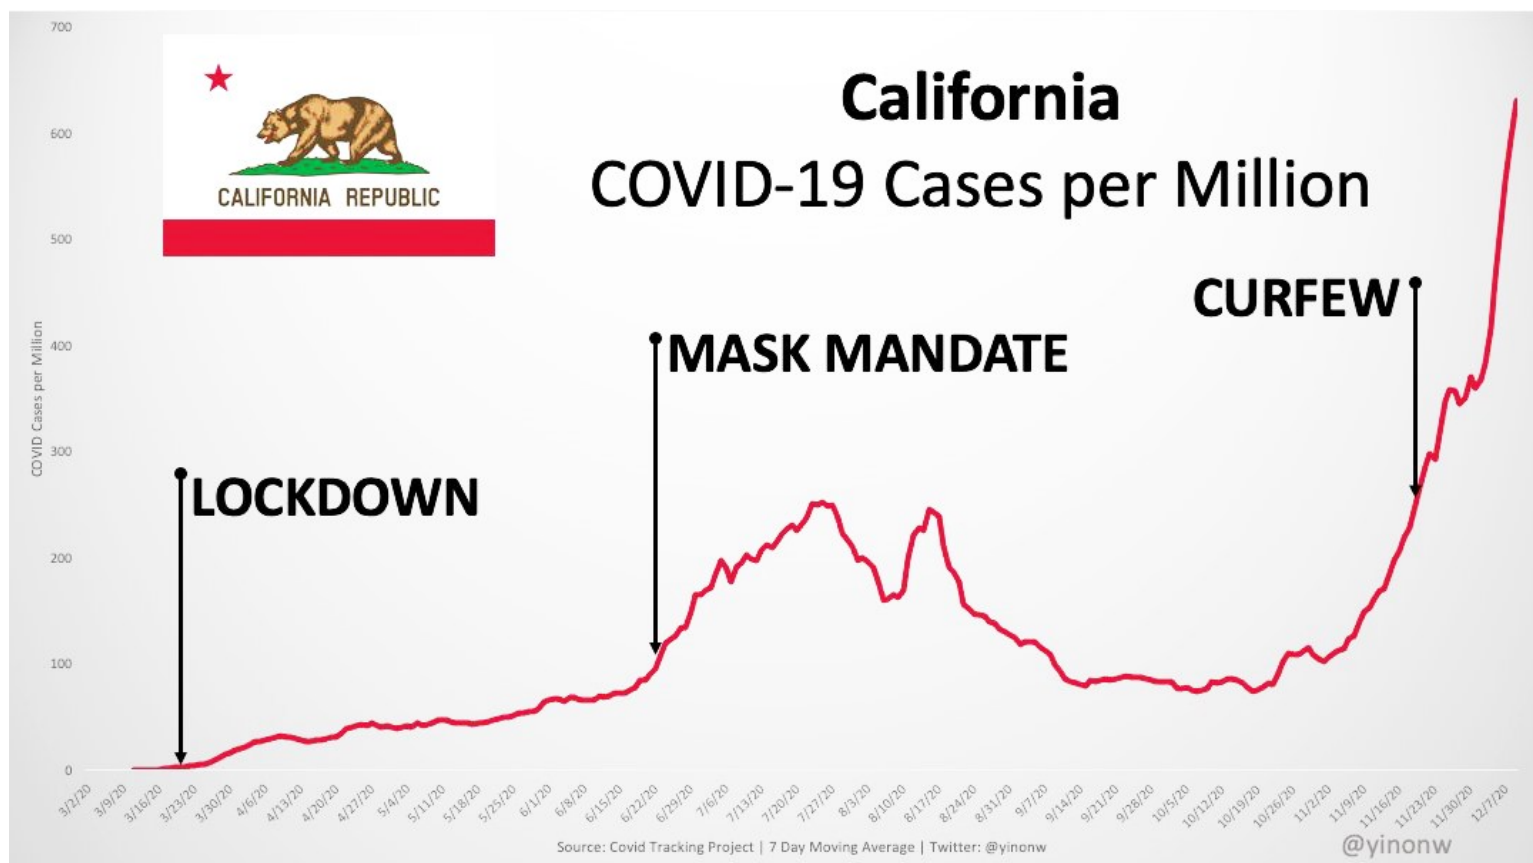

Governments worldwide have been shutting down promotion or use of Hydroxychloroquine **(25)** – which has proven itself effective for over 40 years with Covid-type symptoms but would compete with new multi-billion-dollar Big Pharma innovations and preclude the need for global vaccination.

The new lockdowns are based on “cases”. **(26)** More tests lead to more “cases,” because the PCR tests are not only unreliable, but can be easily rigged by doing more than the recommended cycles. Most so-called “infected” persons have no symptoms. They are

healthy, and there is no evidence that they infect others whose immunity is not compromised. (27)

In a classic “bait and switch” con, Big Media and Big Tech transitioned their bait of free social media and switched it to comprehensive data mining, tracking, limiting reach of networks and ultimately to pure censorship of any messages that go against the globalist narrative – even if it’s from tens of thousands of reputable doctors, nurses and scientists. (28)

Covid Containment Camps (29) are now being created in many countries, starting with Australia, New Zealand, Canada and the US (FEMA). In Thrive I we pointed out that these were being refurbished “in case of pandemic or social unrest.”

The CEO of Moderna sold all his stock (30) immediately after a price surge based on government contracts for an as yet untested vaccine. If the captain of the ship is bailing, what does it say for the rest of us?

The CEO of Pfizer sold 62% of his stock (31) in a similar scenario.

Prior to the declaration of a pandemic, Klaus Schwab and his World Economic Forum had already prepared their “Great Reset,” the detailed agenda for seizing control of the global economy, establishing medical tyranny and a one world government, along with vaccination, chipping and tracking of everyone, everywhere. “Global problems require global solutions,” says Schwab. And he assures us, “By 2025, you’ll own nothing...and be happy (32).”

Now we have plenty of evidence of how the emerging authoritarians think and act when they think no one sees them. Gavin Newsom, Nancy Pelosi, Diane Feinstein, London Breed, Steve Adler, Lori Lightfoot and many other dictatorial politicians have been caught hypocritically ignoring their own lockdown edicts. And that’s just in the US.

***RULES FOR THEE BUT NOT FOR ME -- Nancy Pelosi at the hair salon, Gavin Newsom at the French Laundry, Diane Feinstein at the DC Airport***

I could go on and on...We keep hearing, “It just doesn’t seem to make sense.” Yes...unless one understands the Agenda for Global Domination. Then it becomes obvious.

THRIVEON.com

**Q - Are you saying that you think this virus was intentionally spread? And are you implying the virus was man-made?**

I do not personally know conclusively, but there is a lot of compelling evidence that suggest that. Consider the following facts:

The army base at Ft. Detrick, Maryland was where so-called “gain-of-function” research was being carried out to create bio-weapons based on Covid. It was closed in 2019 **(33)** due to apparent safety breaches. The research continued in Wuhan, China with \$3.7 million in NIAID funding directed there by Dr. Fauci **(34)** .

Dr. Paul Cottrell, who has studied the “bioinformatics” of Covid-19, found at least four human modifications **(35)** – genome “inserts” to make Covid more contagious and toxic to humans. (There’s always the excuse that “we have to develop it in order to come up with an antidote” or a vaccine – in case someone else develops it.) Nobel Prize winning virologist Dr. Luc Montagnier also went public saying “Covid-19 was created in a lab with HIV. **(36)** ”

Another Harvard Professor **(37)** was arrested for secretly providing toxic materials and

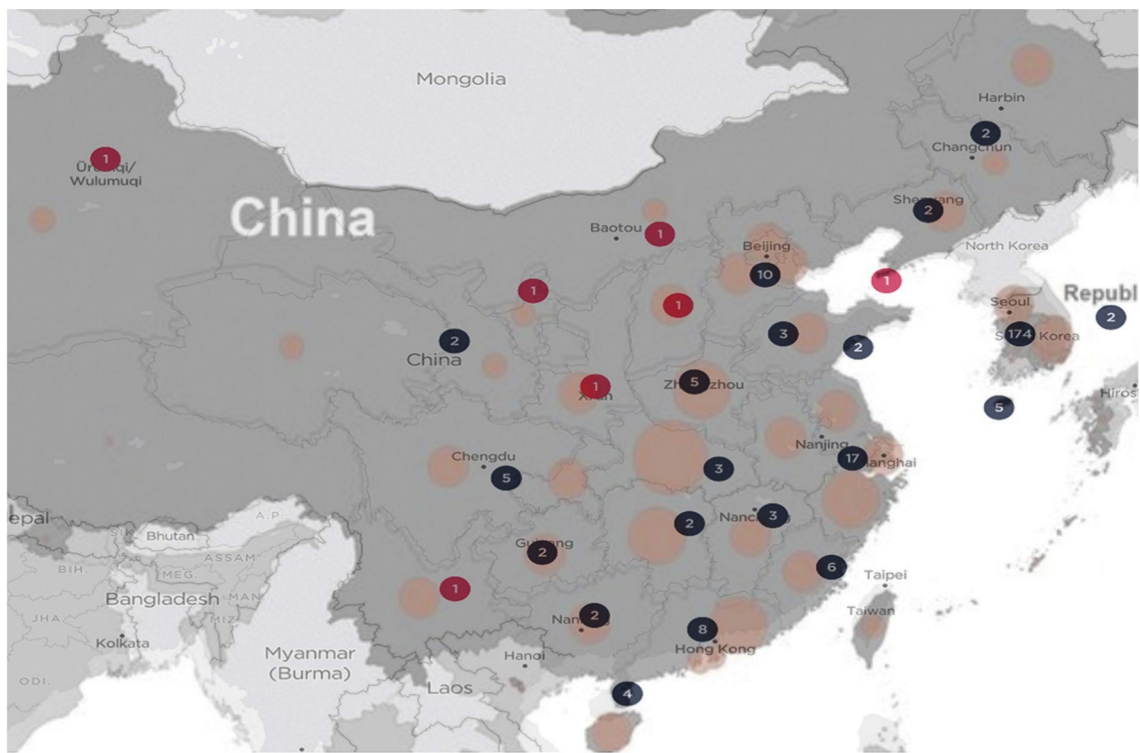

consulting with the Wuhan lab.

Toxic radiation, like 5G, seems to be one of the sources of damage to our immune systems that renders us vulnerable to the Corona contagion. Wuhan was the first of many cities in China to be completely covered with 5G radiation **(38)** - shortly before the outbreak. The Princess Line cruise ships **(39)** that were quarantined with large numbers of Covid cases had boasted of their new 5G coverage throughout the ships.

I recognize that there are plenty of Covid cases, including those with real symptoms, in regions where there is no 5G. I do believe 5G is a significant contributing source of toxicity, however, which is what overwhelms our bodies and makes us susceptible to various illnesses. There are other sources as well.

The Military World Games **(40)** were held in Wuhan in late 2019. The US team – from Ft. Detrick - usually solid performers, finished 35th, behind teams like Iran, Finland and Slovenia. The team was lodged within walking distance of the open market which some name as “ground zero” - the source of the viral spread which occurred days after the team departed. Were there selected soldiers inserted who were somehow engaged in starting the spread? Many participants got sick. Were they used to vector the contagion back to their countries?

**Q - But now it is said the “second wave” is coming...governments and the WHO are reporting significantly increased cases all over the world. Don't you think this is urgent?**

I am deeply sorry for the loss of loved ones that people are experiencing. Just as I would be if they were dying from any other condition.

The vast majority of so-called Covid deaths are of individuals over the age of 65 **(41)** and with pre-existing conditions – co-morbidities.

Overall death rates are down **(42)** despite Covid and all the people who couldn't get needed care for other afflictions.

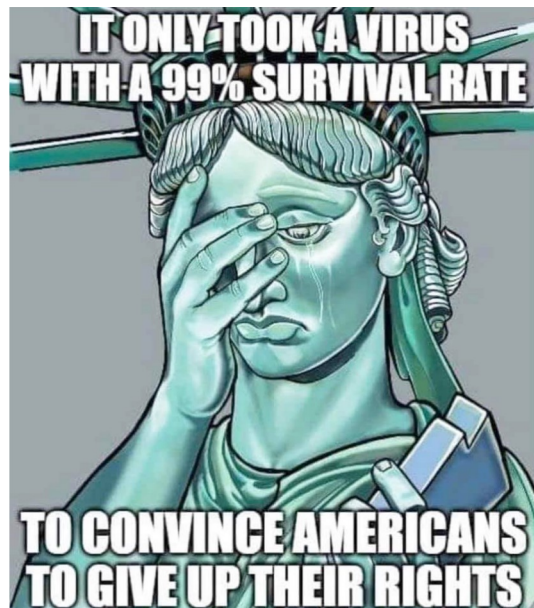

**"THE COVID-19  
DEATH RATE  
WITHOUT A VACCINE  
IS LOWER THAN  
THE  
FLU DEATH RATE  
WITH A VACCINE."**

Statistics on the spread of Covid are hugely inflated (43). Who would that serve?

Reports of overwhelmed hospitals turned out to be vastly exaggerated. Why?

Hospitals have been dramatically financially incited (44) to call virtually any death Covid. That means more money for the hospitals, but does that serve a larger agenda of padding the numbers?

The PCR tests used to establish “case” numbers is completely unreliable (45) for this purpose, even as attested by its inventor – even Fauci says it’s useless if cycled over 35 times and most tests are being done at 37- 40 or more cycles. Why would anyone do that? The PCR tests don’t even accurately reflect if a virus is present.

**Q - Are you suggesting that maybe there isn't even a virus?**

As Dr. Robert Young and Dr. Tom Cowan explain, there appears to be an important CORONA *EFFECT* – not a Corona virus.

Koch and Rivers Postulates set the standard for proving the existence of viruses (this is what is taught in medical school), such as Isolation, reproduction and infection **(46)**. No virus, including Corona, has ever met the criteria in this image.

***From Dr Andrew Kaufman, M.D. - Koch's Postulates: Have They Been Proven for Viruses? or (The Rooster In The River Of Rats)***

# Koch vs Rivers

## Koch (1884)

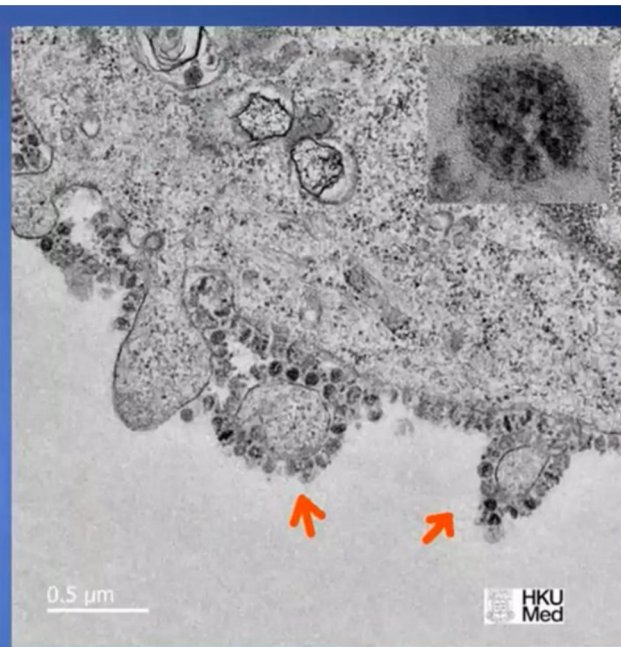

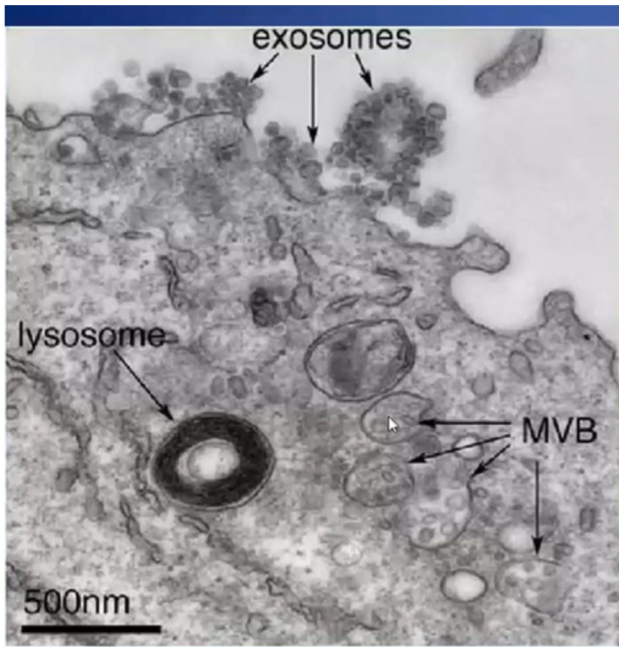

1. The microorganism found in the ill but not the healthy
2. The microorganism must be isolated from a diseased organism and grown in pure culture.
3. Produce same disease in host
4. Re-isolation of microorganism

## Rivers (1937)

1. Isolation of virus from diseased host
2. Cultivation of virus in host cells
3. Proof of filterability
4. Produce same disease in host
5. Re-isolation of virus
6. Detection of a specific immune response to virus

The Corona Effect is a function of our immune systems excreting toxins from our cells in the form of exosomes (the crowned spheres). If we are overloaded with these it damages our circulation, our breathing, our health. Sloughing them off in vast numbers onto others who are also already overwhelmed gives the illusion that there is an infectious “bug” that wants to harm us. This dynamic can be weaponized.

***From Dr Andrew Kaufman, M.D. - Covid-19 and Exosomes***

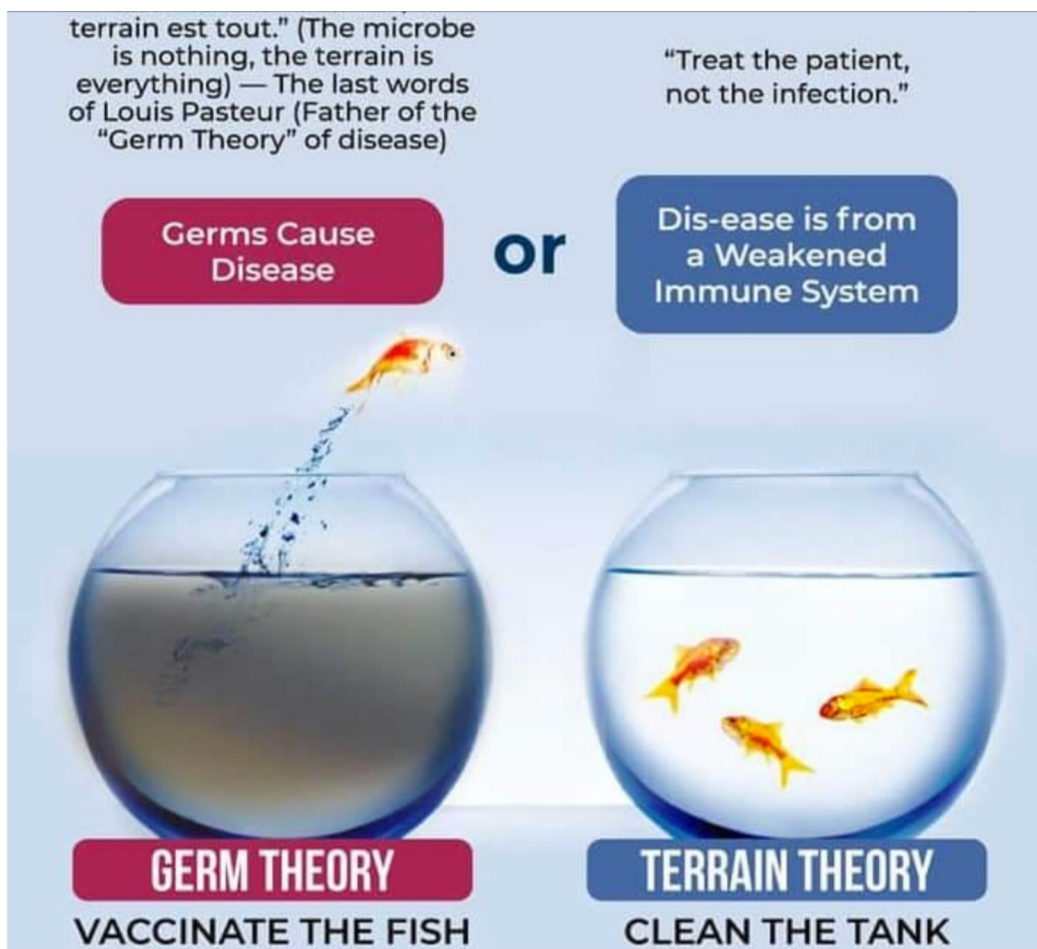

Exosomes

COVID-19

Dr. Young asks, "If your goldfish is sick, do you first go to treat it with a vaccine...or do you change the water?"

*From Dr. Robert O. Young - The Terrain Theory vs. The Germ Theory*

Louis Pasteur, the father of germ theory, said on his deathbed, "The germ is nothing. The terrain is everything." We need to clean the terrain of our interstitial fluids by clearing heavy metals, excess acid, stress, polluting air, food, water and EMF radiation Vaccines exacerbate the toxic condition in our bodies and can be used to "cull the herd" - for proactive depopulation.

The 1918 Spanish Flu "coincided" with the first major blanketing of human populations with Radio waves and toxic chemical testing on American soldiers **(47)**.

The Zika "virus" outbreak in Africa "coincided" with massive exposure to toxic glyphosate and DPT vaccination. **(48)**

In 1968, the Hong Kong Flu "coincided" with massive use of Radar **(49)**. The aluminum oxide used in many vaccines can act as a receptive antenna that magnifies the destructive effects of radiation – like 5G.

These theories are important to consider and if global health were truly the objective, they

would be a part of the public discussion, not censored. They certainly point to the importance of establishing and maintaining a healthy lifestyle as a critical part of our defense against Covid, and yet gyms, parks and beaches are closed as people are mandated to breath in their own CO2, which is known to make us sick.

### **Q - Are you saying all of this is being faked for profits?**

The profit goes hand in hand with the control. Big Pharma is already raking in huge government contracts for untested vaccines. A condition comparable to a serious flu is being used to generate fear and economic collapse to weaken and terrify the masses in preparation for total control.

### **UPSIDE DOWN DOUBLESPEAK**

When we break out of the Orwellian mind control, it's suddenly obvious that...

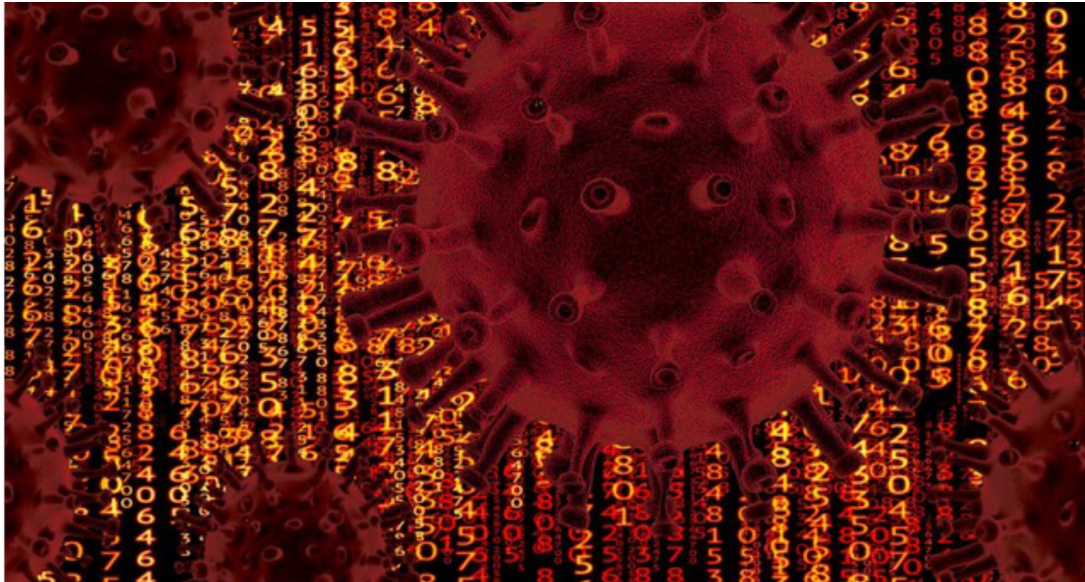

- “Quarantine is actually “House Arrest.”
- “Social Distancing is actually “forced Isolation.”
- Mask wearing is seen by many experts and tests as not only useless (except as a symbol of our subjugation), but dangerous **(50)**.
- The “New Normal” is not a natural normal of healthy, sovereign and thriving individual in voluntary communities, but a global technocratic, biological, medical and political totalitarian police state.

If this so-called “Pandemic” that the billionaire globalists have been predicting, planning, perpetrating and profiting from were what they say, why would they need to:

- Fabricate exaggerated and faulty models
- Use unreliable tests
- Exaggerate “case” numbers when the actual mortality rate is miniscule
- Pretend Hospitals and Medical ships were overwhelmed
- Censor differing data and opinions?

### **Q - So what do you think is really going on?**

I heard a summary in a single equation!...1929 + 1984 + 911 = 2020 Orchestrated economic collapse (1929) + envisioned police state (1984) + false flag terror (911) = Covert 19 Scamdemic (2020)

Many people can feel it. We're heading toward some sort of a major conflict, a global civil war, but what are the sides?

Is it Left vs. Right, Conservative vs. Liberal? East vs. West? Mask vs. no mask? Vax vs. no vax? Black vs. white? Male vs. female? Rich vs. poor?

These are the "divide and conquer" battles the elite want to dupe us into while they conceal the real battle – in which they would be vastly outnumbered and immediately defeated if humanity were sufficiently aware. And that is...the struggle between those who want to be truly free and those who want to continue to steal our freedom from us.

This is the real meaning of "compliance." This is like Germany in the 40s, the USSR in the 50s and China in the 60s – except worse, because this is global and it includes surrendering not only our rights and freedom but our very DNA and potentially our lives. If we lose this one, there is no one else to rescue us, no place to run, no place to hide. This is up to us and the time to awaken and stand up for freedom is right now.

**Q - So is there any GOOD NEWS in all of this?**

## GOOD NEWS

1. Covert-19 has made it very clear that **humanity can connect globally and take action** within a few days or weeks. Imagine if we all connected around true *freedom*, beneficial *scientific breakthroughs* and *voluntary collaboration*.
2. This **world-wide fraud is so obvious** – for anyone who dares to think critically and connect the dots... that people are questioning newly and waking up by the hundreds of millions to the control and fraud agenda for global domination – the New World Order, the Great Reset.

3. **Politicians and institutional leaders are needing to take public stands** around issues like informed consent, health freedom, mask choice, mandatory vaccine, authoritarian government edicts, lockdowns and truth media... **Politicians and institutional leaders are needing to take public stands** which is dramatically revealing the authoritarians and their psychopathic drive for absolute control in every aspect of our lives.

4. Since so-called “viruses” aren’t alive, reproducing entities, in the usual sense, they are very **difficult to manipulate/weaponize** for spreading and killing. This is giving us a chance to awaken as a species and neutralize the sociopaths who, history would show us, will be coming next with vaccine deaths, internment and murder of dissidents.
5. **There is a healthy solution.** Eliminate toxins like 5G, pollution, GMOs pesticides, herbicides that poison our environment and our bodies. Boost our immune systems with healthy food, clean air, water and food. Get exercise and lower our stress. Nurture more contact, purpose and love.
6. **We are needing to find our spines,** find our friends in freedom, and find how to ally successfully around true and ethical principles. People are growing and sharing food, finding alternative modes of child-centered education and forming local and virtual solutions groups.
7. The **White Hats** in the US (true patriots and freedom lovers in the military and intelligence agencies) are working hand in hand with the **Asian Dragon Alliance** (the wealthiest royal families in China, Japan, Indonesia, Philippines and Viet Nam) to oust the banking cabal and return to a multi-polar world based on honest, asset backed currencies, ethical trade and environmental protection. Among those forces they have the evidence, the intelligence, the money and the military **force** to accomplish this historic task and begin to set the world free.

I do not believe the perpetrators of the totalitarian agenda will succeed, because they

ARE being exposed and because they do not understand the power of love and truth.

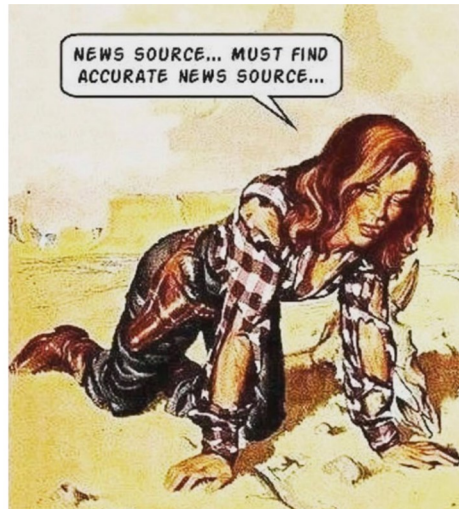

8. We are, by necessity, **creating new internet platforms** (Bitchute, LBRY, Brighteon, Parler, Locals, MeWe etc.) for information sharing that honor free speech, differing viewpoints, data privacy and vital information for our health and safety.
9. The **motivation is soaring to find a basis for a sustainable way for people to coexist harmoniously**. Clearly people are not going to agree on all kinds of things, and it is time to shift our goal from forcing others to abide by our perspective to, instead, establishing a universal morality where principles, not politics, is the coherent answer. Specifically, the Non-Aggression Principle (NAP – as seen in Thrive II) **(51)**, where each of us is accountable not to violate another against their will.

## WHAT CAN WE DO?

1. **Find the courage to step beyond your fear**. This is for your grandchildren. This is for the future of our species. This is the battle for utopia (based on true freedom) or oblivion, (based on total subjugation to the corrupt and psychopathic authoritarians we call “the deep state.”) Share this article and other whistle blowing alternative media with your community, stand up to the mainstream shaming that keeps truth seekers in the closet.
2. **Stand up in your unique way**. Find your path of [Purpose](#) Clarify your mission. Choose your Sector of interest on which to focus your efforts. Choose your top issue in that Sector and the right level engagement for you (Immediate Needs, Systemic Change or Consciousness Shift) every way you can.
3. **Join forces with others** through the [ThriveOn Solutions Hub](#) **(52)** or other collaborative, decentralized infrastructures. **Form local freedom groups and share resources and best practices** with other groups in your county, state, country and internationally. (The ThriveOn Solutions Hub is designed to support all of this. It is **a platform to facilitate global coordinated action that Thrive is launching in 2021.**)
4. [Support Truth Media](#) sources committed to *evidence-based truth* rather than corporate

advertisers, political parties or nation states

5. **File law suits** – like Dr. Reiner Fullmich **(53)** and Robert Kennedy Jr. **(54)**

6. **Deliver Notices of Liability** and Dishonor (Common Law techniques for holding perpetrators accountable and precluding their destructive acts.) **(55)**

7. **Protest** in huge critical mass actions.

8. Join together to **protect your local businesses**.
9. **Divest** from, **boycott and sue** perpetrating organizations and individuals.
10. Expose and abandon corrupt politicians.
11. Get your **local sheriffs and police officers** to stop enforcing Covid tyranny and penalizing victimless crimes.
12. **Blow your whistle!** If you are in a position to expose corruption and conspiracy at your pharma company, hospital, regulatory agency, government office, media outlet, do it as if the future of humanity depends on it. (It does.)
13. Purchase as much real **land, seeds, crypto currencies and precious metals** as you can. Store water, food and other supplies.
14. Create and use alternatives to the Covid Pass deception - airlines, banks, schools, bus lines, restaurants and more...as secure bastions of health and economic freedom.

Please do not just believe me with all of this. Check it out for yourself. We ignore this at our peril and that of our species.

*"They are the sickness. We are the cure."*

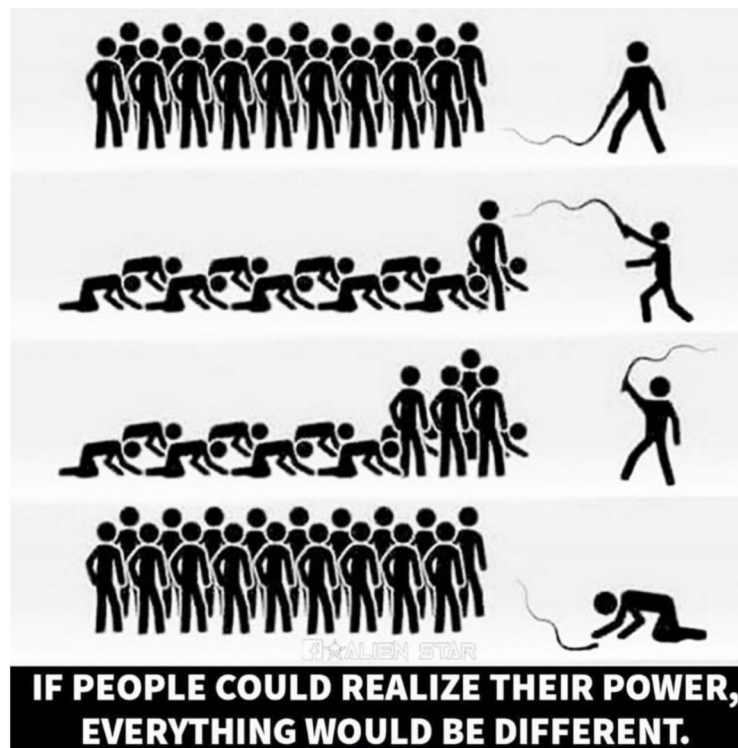

~Jon Rappoport

*"What's needed is bravery and disobedience."*

~Gary Barnett

*"We must learn that passively to accept an unjust system is to cooperate with that system, and thereby to become a participant in its evil." "The ones who love peace have to learn to organize as efficiently as the ones who love war."*

~Dr. Martin Luther King, Jr.

There's light at the end of the Trance-demic Rabbit Hole.

We have the truth and the life-force on our side.

Wake up. Speak up. Act up, now, to create a thriving future!
