FORENOTES AND ACKNOWLEDGMENTS

An advantage of writing one's first novel at standard retirement age, after decades of railing for righteous causes, is it provides the perfect occasion for 'lightening up.' Which isn't to say *The Truman Prophecy* deals with light or trifling issues, more that we should keep the Ice Ball Theory¹ in mind.

So please do not take anything herein too personally... or too, well, *seriously*. Only personally and seriously enough. My characters are clearly carrying on a grand polemic drama that implores the reader toward a grand individual decision. True or false? Independent or drone? Free or slave?

Red pill or blue pill?

... bringing up a major point: The Prophecy often tries to simplify its message via several longstanding cultural symbols—mainly movies and books—with which it assumes most readers are familiar. The red pill/blue pill choice comes from the 1999 movie, The Matrix; the book title itself relates to The Truman Show (1998) movie.

Other key symbols that show up at various times: Movie: The Wizard of Oz (1939); movie: Invasion of the Body Snatchers (1955); novel and movie: The Fountainhead (1943, 1949), by Ayn Rand; short story: The Emperor's New Suit (1837).

The latter piece by Hans Christian Andersen is the most apropos to the political thrust of the *Prophecy*. Which boils down to the Little Boy pointing out the obvious Big Lies of the royal entourage, while polite society recoils in disbelief... that anyone *dares* to question the King's official phantasm(s).

So easy does it. My Little Boy's stating the obvious will be unfamiliar, uncomfortable territory for readers still under Big Brother Media sway. I only ask that they (you) set your own eyes on the reality, think, and not look away.

vi

¹ Ice Ball Theory: In a billion years or so, Earth will be an inanimate sphere of ice (or lava, or rock, etc.) and what we're doing, ourselves, in the next several thousand years probably won't mean much in the material world.

Remember, truthers only know that official stories are bunk; truth is determined by trial jury after grand jury indictment.

What's the difference between a prophecy and merely a story portraying a struggle for truth, justice, and liberty? Well, a prophecy asserts something of the result of the struggle; *this* Prophecy, frankly, conveys that the struggle will be successful. People will come to an awareness, an Independent Being consciousness—and declare themselves accordingly—in time to avert any Cosmic Bad News Scenario.

Note, too, that actual prophecies—of which the Truman is one (tongue in cheek)—are typically formed vaguely or nonliterally enough to admit a fair amount of deviation without being discarded. 'The Prophet' is fairly specific on events throughout 2016, and I (qua ghost writer) do envision them occurring (and will work diligently with others to see that they do). But if they don't happen exactly that way or of that scale, please don't slit your wrists or insist that I slit mine.

Let's content ourselves, in the case of nonliteral success, with having created a benevolent Virtual World—a vision to encourage subsequent iterations.

Some construction comments:

The novel includes plenty of journalistic reality. But characters to whom I've attributed actions germane to Prophecy Fulfillment I have tended to give fictional names.

In the table of contents, I draw attention to distinct, standalone segments of 'code' that help to illustrate the narrative or supply key lists [like the Threat Matrix (p. 24)]. Two of these recurring segments given special bolded headings are the '10 Easy Pieces' (ten pertinent facts that are not disputed by either side of an issue) and the 'Interlodes' (page-length connective narrative, often lighter and character-driven).

CURTAIN 6: SLIMING BABY

Those who can make you believe absurdities can make you commit atrocities — Voltaire

4th Quarter 2015

Sterling Heights, Michigan. What is it, wondered Trish, that turned normal, bright individuals (of means and standing in the community) into that Three Stooges' routine—"slowly I turn, step by step, inch by inch..." then pummeling the person who says "Niagara Falls"—when anyone dares question the safety or efficacy of vaccines? Or allopathic²⁴ treatments and drugs? Or psychiatric drugs? Or psychiatry?

No idle question...

Because it leads to the deeper question(s).

Patrecia Bartlett (Patty B, Trish) was a serious student of epistemology.²⁵ She was particularly fascinated by how people's mental functioning had been twisted and turned by Edward Bernays' modern technology of mind control in conjunction—over the past 60 years—with what Professor Neil Postman referred to as TV Nation.

Those were the two primary drivers, as she saw it.

They were documented brilliantly in the watershed video *Rule from the Shadows* (regarding Bernays' work and its derivatives) and Mr. Postman's 1985 book, *Amusing Ourselves to Death* (documenting what Marshall McLuhan referred to as people submerging themselves to 'the Process:'

Allopathic medicine is basically interventionist medicine, drugs and surgery, the predominate mainstream practice protected by the American Medical Association (AMA) cartel. Naturopathic or homeopathic medicine is noninterventionist and aims to help the body use its own natural systems to sustain health.

²⁵ Branch of philosophy devoted to how we know things.

II: Toto (2015) Curtain 6: Sliming Baby

"The new media are not ways of relating us to the old world; they are the real world and they reshape what remains of the old world at will... In television, images are projected at you. You are the screen. The images wrap around you. You are the vanishing point... The whole tendency of modern communication... is towards participation in a process, rather than apprehension of concepts." [emphasis the author's]

Trish knew Chance as the author of the imminent *Truman Prophecy*—hence, the Prophet—and thus the organizer of some major tools to fulfill that prophecy. Indeed, she had morphed into something of a muse for him... helpful to his creative work in the early going of doubts and misgivings.

She also knew about the Threat Matrix (p. 24) and the Toto Worldwide organization, how he was laying out Toto along lines of neutralizing each of these Threats—using Chance's own 9/11 Toto Affiliate/Chapter as a template for each of the Totos. Chance had laid out seven Toto 'Curtains' and originally imagined this Curtain to be focused on the high-crime assault of vaccines.

She placed a call to him:

"This is Chance," he answered

"Chance, Trish. We need to talk about the 'vaccine' Curtain."

"All right, let's."

"Chance, you know I've been with you from the beginning and helped with your early forming of the Prophecy and ideas for fulfillment. Well, this Healthy Bodies Toto Affiliate is a special breed o'cat."

"Why's that, Trish?"

"Think about the catalyst(s) of your concept for the Prophecy and the book: chiefly, the *Thrive* video—which told you we're on the track to success—and the *Rule from the Shadows* video that made it clear what we were up against.

"That *Shadows* video also relates to the work of Neil Postman showing the rise of TV as *the* dominant mind control tool. The McLuhan quote—which I happened to pick up from a Jon Rappoport column—gave me an epiphany."

"Yes, you shared that with me," said Chance.

"Namely that we are dealing with an entirely different form of mind—between our own Independent life form and our antitheses: the ones who are 'plugged in," she said. "Very much like the Red Pill vs. Blue Pill choice in *The Matrix*."

"We are the Red Pill takers; the antithetical life form is signified by the Blue Pill takers..." offered Chance.

"... who are the passive acceptors and enablers of the collective intelligence running their lives (symbolized in *The Matrix* by the singular AI Machine and protected by its

"We are the Red Pill takers; the antithetical life form is signified by the Blue Pill takers..." offered Chance.

Agents). That is what you gathered from it, Chance, and incorporated in the fulfillment concepts and tools for your Prophecy."

THERE'S A WAR GOING ON FOR YOUR MIND

Trish continued by pointing out that Independence is fundamentally a psycho-epistemological quality, and that it is accompanied by conceptual rigor, free scientific inquiry, and rational thinking.

Chance noted, "Trish, perhaps this is as good a time as any to bring up the many shills and trolls—what were called court intellectuals in the heyday of literal monarchies—who attack truth and evidence while masquerading as pro science, critical thought, and hard fact.

"Indeed, modern intellectual sycophants—just as in the fable of the emperor's new clothes—are a well-oiled [funded by Western Cabal Intel], highly sophisticated industry. Their mission is to protect and further the edifice of 'official knowledge' that shrouds the ongoing (esp. the Threat Matrix) depredations of the New World Order.

"To mention a few players in this approved-knowledge priesthood: Wikipedia, Snopes, Michael Shermer, *Skeptic*, the 'humanist neuroscientists,' psychiatry, intellectual elites of the law and medical cartels, respected mainstream journalists—we know from Carl Bernstein ("The CIA and the Media," *Rolling Stone*, 1977) that the CIA [Intel] runs the mess—, and 10s of thousands of paid trolls on social media.

"These mental 'Barrier Cloud' poseurs present a formidable armada opposing *anything like* intellectual honesty, questioning authority, hard evidence, or the scientific method—all of which tend to reveal truths uncomfortable to their bosses. They are hired truth *assassins*.

"How does one know who they are? It's easy once you become Independent and learn elementary logic. A tall task, but doable. 'Til then, just remember that no real skeptic or man of science holds that EVE-RYTHING government/corporate/media authorities tell us is TRUE."

Trish continued, "TV becomes the metaphor of the Matrix pods. How to combat? Delegitimize it. Or let it self-delegitimize, which it will, under onslaught of the Correspondents and fulfillment of the Prophecy. As the World Turns ..."

"As the Independents Rise..." Chance said. "Rise and reclaim their own life form via simple realization... at once, conceptual and literary, yet blooming with the full flower of imagination."

Trish ventured, "Body and mind are integrated, inseparable. But specifically, dealing with the Threat to Body, the following seem to be the primary attack vectors:

- 1. **Vaccines**—the medical mafia has done a superb job suppressing the truth behind Big Pharma's modern depopulating cash cow. But a strong resistance movement is brewing, with several revisionist perspectives and books, videos now available. Probably the premier medical threat to us today.
 - "... vaccines are a top priority for the controllers: they cause a weakening of the immune system.... The medical cartel is not out to help people, it is out to harm them, to weaken them, to kill them." Jon Rappoport
- 2. **Allopathic treatments and drugs**—includes the destructive cancer approaches, all the powerful drugs that kill 100,000+ people per year when used as intended, also the suppression of cures: ref. esp. video *The Rise and Fall of a Scientific Genius: The Forgotten Story of Royal Raymond Rife*.
- 3. **Psychiatric drugs**—especially those delivered to children by psychiatrists under auspices of the government schools: causing delusions, paranoid psychosis, pathological thought processes, aggressiveness, convulsions, brain damage, etc... .AND. homicide and suicide.
- 4. **Psychiatry as a whole**—ref. video from the Citizens' Commission on Human Rights: *Psychiatry: An Industry of Death.* Exposes the brutal pseudoscience, multibillion dollar fraud, and legally murderous practice that is psychiatry. [Not ONE of its 'disorders' has a single diagnostic test. Psychiatry: All BS, all the time.]

5. **Child-indoctrination centers**—governments' compulsory-schooling prisons for children, going by the euphemism 'public education.' An entire Toto Worldwide Affiliate (Curtain #7) is devoted to the subject, which is how the ruling class tries to steal souls—brainwashing youngsters into consensus.

Number 5 anticipates and leads into the most longstanding source of individual subordination to the collective and failure of individuals to realize/release into Independent Being. It links to the next Toto Affiliate: protecting the conceptual faculty from being ravaged... especially from the mind-killing government schools.

Trish: "My recommendation for launch and fulfillment in the Healthy Bodies Toto Affiliate/Chapter is to first focus on the vaccine assault, and develop materials and our Correspondents' processes accordingly.

"I'll help in the preparation of the group and will be the interim leader, but, Chance, a very high priority of mine is going to be to find someone (probably younger, and who is I hope a better organizer and leader) to take the dominant role."

The two of them got together in Royal Oak a few days later to iron out the founding details:

First, they decided to immediately go into search mode for the 1st Affiliate/Chapter organizer. *The Truman Prophecy's* initial book promotion would be occurring through the early months of 2016. Trish and Chance felt that would provide a bountiful source of volunteers.

Per the prospectus, a fully operational Toto Affiliate has the following elements:

- 1) A short explanatory booklet of the Toto truth
- 2) A personal letter of persuasion of the Toto truth
- 3) A list of obvious official story contradictions
- 4) A questionnaire of 10-12 Toto truth questions

As we roll out any Affiliate/Chapter, most will lack items #1 and #3. Item #1 is the more important, but Toto builders can use good substitutes such as a great video or another booklet or quality articles. In the case of the Healthy Bodies Toto, the ThriveMovement.com piece by Foster Gamble, "Vaccines: Who is Right and Whose Right is It?" is outstanding!

II: Toto (2015) Curtain 6: Sliming Baby

Item #3, List of Contradictions, shouldn't be hard to construct from the information you already have access to. A large number of references to local resistance efforts and true public health movements are listed in Foster's column (key lead paragraph segments of that column are excerpted below).

Item #2, the personalized appeal letter, is an essential, so Trish charged herself with that task, which will serve an excellent tool for Trish's heir apparent to lead the Healthy Bodies Toto. [Chance will edit and offer his input, using the 9/11 Toto letter (p. 50) as a model.]

THE THRIVE MOVEMENT. COM BRIEFING

The following is a transcription of lead-paragraph excerpts from the ThriveMovement.com column, "Vaccines: Who is Right and Whose Right is It?" by Foster Gamble. It is an fine summary of this aspect of the Threat and what to do about it:

Introduction

For years I have researched the hard facts on the effectiveness of vaccines, and over the past few weeks I organized my binders of information to address three main topics:

- 1) Do vaccines prevent deadly diseases?
- 2) How often do things "go wrong"?
- 3) Do we have the right to choose whether or not to use them?

This blog is my attempt to empower our loved ones, and you, with key insights, perspectives, evidence and resources to go beyond the mis-and-disinformation that is currently dominating the media, guiding most public opinion, and making it difficult for caring people to make informed choices about an issue that matters so much.

What is a vaccine?

A preparation of killed microorganisms, living attenuated organisms, or living fully virulent organisms that is administered to produce or artificially increase immunity to a particular disease....

What are vaccines used for?

Proponents claim that they are used to prevent such diseases as small pox, polio, swine flu, bird flu, measles, mumps, and rubella. They are envisioned in the future for herpes, e-coli, HIV/AIDS, Ebola, tuberculosis, hepatitis C, obesity, high blood pressure, anti-smoking, cocaine and heroin addiction, depression etc.

What is in vaccines?

What many don't realize is that in addition to the above mentioned "killed microorganisms, living attenuated organisms, or living fully virulent organisms," vaccines often also contain preservatives like mercury, thimerosal and MSG along with "adjuvants" ("boosters") like aluminum. Some suggested "vaccine schedules" encourage us to inject our children with up to 69 doses by the time they are 18....

Are vaccines safe and effective?

Informed experts express a wide range of concerns:

Other experts, some from within the agencies manufacturing, regulating and/or disseminating vaccines have risked their reputations to speak out about the risks....

Was Dr. Wakefield really debunked?

Andrew Wakefield was a doctor concerned about vaccine safety whose studies showed him there were significant problems with delivering the measles, mumps and rubella vaccines all combined together. He published an article in the Lancet that linked MMR vaccine to bowel disease and autism. This was the last thing that Merck wanted, so the attacks began. He lost his career and his reputation....

The True Epidemic

Speaking of America, we need to ask ourselves why in the top 34 nations, the U.S. is simultaneously highest in infant mortality and highest in infant vaccination. In general the higher the vaccination rate, the higher the infant mortality....

But do vaccines work?

Dr. Rima Laibow recently presented a paper to the First All India Congress on Medical Education (Feb. 7, 2015, Nitte University, Mangalore, India) in which she looked at the "widely available and well-substantiated data that makes the case that the only thing that has decreased the incidence of infectious disease is a combination of hygiene, clean water, sufficient protein and other nutrition and sanitation. And that ALL childhood and other infectious diseases, and their associated morbidity and mortality were radically reduced BEFORE the introduction of a single vaccine....

Others Speaking Out

Dr. Suzanne Humphries, author of *Dissolving Illusions: Disease, Vaccines, and the Forgotten History,* makes the important point that "You cannot dabble in the topic of vaccination." With stakes as high as

Curtain 6: Sliming Baby

these, being informed is the least you can do....

If vaccines are safe, why are pharmaceutical companies given blanket immunity from prosecution for damages that they cause?

Vaccinated people infect others. The New York City measles outbreak a couple of years ago was due entirely to vaccinated people shedding viruses and infecting other vaccinated people. In China, where virtually every single member of the society is fully vaccinated, measles outbreaks occur regularly....

The Herd Immunity Myth

As Dr. Suzanne Humphries explains, the notion that children who are not vaccinated will infect those who are flies in the face of logic and science. If the vaccines work, then being exposed should not be a problem, right? And if they are not effective guarding against exposure to the disease, then what exactly are they good for?

Unfortunately, there is actually no solid evidence that vaccines are effective, or that they are safe....

Accident or Agenda?

Remember, as mentioned in THRIVE, the World Health Organization was already busted for secretly using similar sterilants on women in Mexico in 1993 and Philippines in 1994. (You can review this from timecode 1:33:50-1:37:57 in THRIVE.)....

At least we have the right to choose, right?

Unfortunately, the answer is moving toward "no."

If someone chooses to have themselves or their child vaccinated after being fully informed, then that is their choice. But for those who choose not to, the fundamental violation that mandating (forcing) vaccinations represents is the most dangerous threat....

Vaccines are the only product government mandates and completely indemnifies. Consider the following column documenting government collusion in the vaccine atrocities [inserting the first three paragraphs of that outstanding article²⁶ here—ed]:

First They Came for the Anti-Vaxxers

Has anyone "followed the money" to look at what's behind the push for more and more vaccination?

http://www.nvic.org/: "Vaccine Injury Compensation: Government's Broken Social Contract with Parents," by Barbara Loe Fisher.

Whether you believe vaccines are all great or they are dangerous and result from greed, incompetence or a more nefarious agenda, clearly there is huge evidence that this game of Russian Roulette is a risky one, and you and your children are the ones bearing the brunt of this risk....

Dark History — Nazi Ties

Following is the conclusion of an article — *CDC and CIA: A Close and Sick Relationship* — that helps follow the money and motives that transcend mere incompetence and greed.

"The CDC is mandating sterilizing vaccines to American children. It clearly has close CIA ties which means the Rockefellers. The Rockefellers were half owners of IG Farben, the Nazi pharmaceutical and chemical giant that ran the concentration camps and performed hideous experiments on unwilling human beings....

"The Merck Corporation became a primary recipient of Nazi 'flight capital' at the time their company's president, George W. Merck, was America's biological weapons industry director. The flight capital scheme assured the rise of a Nazi 'Fourth Reich.' (Also see *The Rise of the Fourth Reich*, Jim Marrs.)....

When Politicians Get Involved

If there were an actual nefarious agenda behind the vaccine controversy, we might expect high level "bought" politicians to get on board with mass injection...

The Department of Defense has already planned for and tested dropping aerial vaccines on entire populations. Aerosolized thought control vaccines already have already been tested on humans....

What Can We Do to Guard our Freedom and Health?

Please refer to the original article on thrivemovement.com, "Vaccines: Who is Right and Whose Right is It?" for a rundown....

Tyranny or Freedom...Sickness or Health?

Will mandatory vaccines, gun confiscation or more economic theft light the blaze of revolution to restore our inalienable rights? Or can we use our minds to connect all of these dots, realize the risk and take non-violent action before it's too late? Thrive Movement is dedicated to the latter path....

Finally, a questionnaire (item #4) is essential and a starter kit one appears below from something Chance threw together a few months ago. II: Toto (2015) Curtain 6: Sliming Baby

Polishing the questionnaire will be an iterative process. What we want is ironclad questions/facts that show: a) vaccines (as implemented today) are highly dangerous, b) vaccines do not create immunity from disease and c) specific individuals and organizations responsible for the high-crime assault of vaccines (esp. forced vaccines) must be investigated and indicted by a grand jury(s) for assault, fraud, and other acts of aggression.

10 EASY PIECES — VACCINE NATION Do you know...

- 1) No one has shown the body needs a vaccination to empower immune system for later invasion of germs?
- 2) No one has shown that bulking up antibodies via vaccination provides successful immune system response?
- 3) No need for vaccination preparation or 'rehearsal' to defeat real attacks has been established?
- 4) No one has shown 'herd immunity' to exist, that the vaccinated have any effect on the unvaccinated or vice versa?
- 5) No one has shown that diseases were prevented or cured by vaccination—not by other factors?
- 6) No controlled, independent scientific study has demonstrated the safety or effectiveness of any vaccine?
- 7) Poisons in themselves (mercury, formaldehyde, aluminum, etc.) are not shown to be safe in vaccines?
- 8) Risks stated on printed warning sheets in vaccine boxes are often greater than risks of diseases vaccinated against?
- 9) High officials at CDC concealed study results that show a strong causal link between vaccination and autism?
- 10) By federal statute, pharma companies cannot be held legally liable for damages caused by vaccines?

Chance and Trish agreed to be back in touch in the early 2016 timeframe on founding and building the Healthy Bodies Toto Affiliate/Chapter #1. As the *Prophecy* book got promoted and, in particular, as Chance worked his way through founding the 9/11 Toto, this critical vaccine salient would be able to lunch off those resources and find supporters.

II: Toto (2015) Curtain 7: 'Botting' Junior

INTERLODE: "SOME OF MY BEST FRIENDS ARE ZOMBIES."[!]

In the peak years of the Ayn Rand movement—when her then intellectual heir Nathaniel Branden was in good graces and writing for *The Objectivist* newsletter—he came up with a concept 'social metaphysics.' Chance remembers the detailed definition to this day:

social metaphysics: the psychological syndrome where an individual holds the consciousnesses of other men, NOT objective reality as his ultimate psycho-epistemological frame of reference.

Informal *zombie* = automaton, acting on orders from external forces. IOW, social metaphysician... run by the consciousnesses of authoritarian others.

The social reality most of us have grown up is driven by conformity... to what our parents, teachers, ministers, media (esp. TV) tell us is true. It's on a visceral level; we're conditioned with images to respond emotionally in ways that the pathocracy dictates. As the pioneer of modern mind control technology put it:

"The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute an invisible government, which is the true ruling power of our country." — Edward J. Bernays, Propaganda (1928)

[Note that the book uses the term/concept 'neurarchy' to denote those 'who manipulate this unseen mechanism.'] Further, because what the masses have been conditioned to believe is so base and *emotional*, they react violently vs. any individual person who brings factual evidence, conceptual argument, or logic to question their high-class zombie image/feeling response syndrome.

"How DARE YOU question <insert any of ~50 official story perceptions>?!"
"YOU are disgusting, always going off on tangents, a conspiracy whacko!
YOU must be insane! YOU are evil and a terrorist sympathizer! YOU are a dan-

YOU must be insane! YOU are evil and a terrorist sympathizer! YOU are a dager to America and must be put away, drugged into submission, silenced!"

Why? Because YOU doubt their bundles of approved perception (APBs).

Unstated is the premise that mainstream media conveys actual news. Further, TV has changed our mental world fundamentally. Per McLuhan:

The whole tendency of modern communication [TV]... is towards participation in a process, rather than apprehension of concepts.

Chance saw, particularly when the *Thrive* video came along in 2011, that Independent human consciousnesses in the spiritual (also rigorously conceptual) truth and justice movements were turning the tide against consensus-reality trance-infecting mind control. Even though disturbingly large numbers of our respectable peer zombies continued to be stuck in Big Brother Media APBs.

The Solomon Asch conformity experiments of 1951 gave Chance an epiphany: They showed that many test subjects would assert obvious lies if confederate stooge test subjects did .AND. subsequent research revealed that the test subjects' actual perceptions *actually changed* to fit the lie. Leading to the insight:

If social metaphysics alters perceptions in order to conform, it can be applied—as enhanced by the Prophecy—to render most 'zombies' into Independents.

^[!] Not to be taken literally. Zombie reads better than social metaphysician.

INTERLODE: "JUST DOING OUR JOBS..."

In their Albert Kahn-designed Harbor Springs summer cottage overlooking Little Traverse Bay of Lake Michigan, Richard Pencil, chief executive officer of DTE Energy, nervously addressed his lovely trophy wife, Zelda, across the breakfast table: "Darling, this grand jury deal looks like it may get nasty."

"What do you mean, honey? Are they coming after you?" she posed.

"Not exactly, well anyway not just me. It's like this national movement to restore ordinary people to full grand jury authority."

"Sorry, my shnookums, but pretend I'm a five-year-old. I don't get it."

"Tell you the truth, doll, I don't either. That's what makes it so unnerving. But what it means is: Say, a government official or someone participating with the government in a project—and this is the kicker: 'in the normal course of business'-does something that violates the law or any individual's First Principle rights of life, liberty, or property... well, that government official and his business accomplice(s) have to go explain themselves to a grand jury of 25 randomly selected—and, now, very well-paid—people.

"What do you mean by 'explain themselves,' sweetie?"

"Okay, this new people's grand jury, if you want to call it that, got started in California to take care of the toxic atmospheric aerosol spraying assaults. [Several good friends of mine are facing trial there, too.] These new grand juries are like the old in one way: they issue what are called indictments (or presentments for government/corporate corruption), meaning they investigate the charges and say whether probable cause exists to proceed to a trial jury."

That gave Zelda–a federal judge, herself, before plowing all her efforts into gold-digging–a puzzled look: "Wow, all my education and career, I never... we always worked it so the judges and prosecutors ruled the grand jury like a rubber duckie. Had no idea those little people had any independent authority."

"Try *ultimate* authority," Pencil shot back. "According to the guy who started the ball rolling, the grand jury is the 'hidden fourth branch.' In fact, that's the name of his book. Kelly Mordecai. The idea started spreading that grand juries belonged to the people, not the government at all. So if a jury foreman says jump, the judges and prosecutors (and cops and meter maids, etc.) say 'How high?"

"You better believe it, baby. And it looks like I'm going to be indicted."

"No way," Zelda protested.

"Way," he replied. "It all started with the bunch o' pissants down in Auburn Hills, Jake-something and some 95-year-old blind lady in Lincoln Park, when we took away their electricity for refusing to accept an F&S meter on their homes.

"Not just me, everyone up and down the line who was just doing their jobs to hammer those schmucks. But I'm the big shot, so if convicted I'll do 15 to 20 for assault, civil liberties infractions, violation of contract, and conspiracy for all that.

"I don't believe it! I'm a VIP! How did my political guys lose control?! Who turned the world turned upside down!? My friends in CA, all over, are crying, too."

"So does that mean I get the houses while you're away?" Zelda asked.

"Not really. I have to liquidate everything to pay damages to the victims."

"Do me a favor, dear, and bring me my little black book from the bedroom."

Also, thanks to legislation recently passed by the Michigan House to create a 'special regulatory grand jury' along the lines of William Windsor's (LawlessAmerica.com) proposals—and to provide adequate pay for grand jurors—, it was clear that jurors on the 'smart' meter case would be performing their duties diligently and gladly.

Jake and Brenda pulled out their 'bottle of champagne for special occasions' and a couple of glasses. Jake poured the golden bubbly, then, as in a few rare celebrations over the years, they looked into each other's eyes and, gently clinking the vessels, uttered in unison:

"Hail to liberty. Hail to us." And with tears of joy, embraced.

FEDERAL GEOENGINEERING GRAND JURY INDICTS HUNDREDS

Eureka, Northern California, September 1. In a remarkable indictment and presentment, the grand jury investigating geoengineering assaults on Californians—including electromagnetic atmospheric weapons discharge (HAARP) and toxic atmospheric spraying (TAS)—identified hundreds of individuals to face federal trial for crimes against humanity.

The indictment manifest read like a Who's Who of the US military and national security establishment, as numerous high-level officials were grilled. The grand jury determined there was probable cause they had planned and executed extensive toxic spraying programs and weather modification assaults... suborning genocide... especially on Californians.

The grand jury also instructed the federal court to issue an immediate injunction against any further atmospheric spraying operations by the military or by government-contracted operators or secret actors of any kind. The injunction extended to shutting down the HAARP facility in Alaska until further notice... at least until damage can be fully assessed and criminal penalties imposed on all participants for massive property damage and gross manslaughter.

The grand jury also instructed the federal court to issue an immediate injunction against any further atmospheric spraying operations by the military or by government-contracted operators or secret actors of any kind.

Trial would begin in three weeks. To facilitate the large number of cases the venue had been moved to the federal Northern California main district court building in San Francisco.

In light of the immensity of scope of the legal proceedings, empaneling Judge Joseph Wayne sought and obtained from the legislature an *ad hoc* bill that would pay each petit juror at a rate of four times US minimum wage. He estimated they would be serving for up to a year on a full time basis.

The grand jury independent counsel team, in consultation and by agreement with the grand jury foreman, decided to leave the great majority of work for assessing damages and sorting out culpability to the prosecution team at trial. The grand jury did make general recommendations on sentencing, should guilt be determined. Further, the grand jury counsel team had undergone considerable work to compose a detailed table list of actions and evidence for each charged individual and corporation.

Organization leaders for the government agencies and corporations initially attempted to invoke federal national security and war statutes/executive orders to avoid testifying. Grand Jury Foreman Lisa Donahue, on advice from the independent counsel, Reed Smith, refused to grant such exemption. The two sides were at loggerheads—with most witnesses refusing to testify—until key participants, who were offered witness protection (that is, protection *from* the government), broke the stalemate by revealing major aspects and details of the HAARP and TAS programs.

From that point, a floodgate of testimony from witnesses and suspects solidified several conclusions, including:

FINDINGS OF CA FED GRAND JURY ON GEOENGINEERING

- The history of the practice of large-scale aerosol intervention began covertly under government auspices in the 1960s.
- The assault is carried out mainly via chemical aerosols sprayed into the atmosphere by military and commercial planes.
- The levels of these chemicals have been increasing in the environment, esp. dangerously high levels of aluminum, arsenic, and barium.
- Programs for aerial spraying viruses have been planned and tested by the Department of Defense including aerosolized thought-control vaccines.
- Government creates plausible deniability to abdicate responsibility for covert activity that violates First Principles' liberties/lives.
- Worldwide cancer rates climb and outdoor air pollution is recognized as a primary cause by the World Health Organization.
- Several confess to chemtrail-equipment by gutting aircraft and refitting them with elaborate spraying machinery, extremely hazardous materials.
- Chemical aerosols themselves (not CO2) are chiefly responsible for global warming and reduced humidity in affected nations.
- Monsanto: create arid conditions for GM aluminum-anddrought-resistant crops for control over global food supply.
- Atmosphere is being weaponized: for eugenics, to keep the global population under control through sickness and disease.
- Health experts: chemtrails exacerbate mental health issues and physical ailments including heart disease, COPD, and asthma.
- Re: electromagnetic antenna array project in Alaska (HAARP)⁴⁶—world's largest antenna array. Documents state that HAARP: manipulates and disturbs human mental processes via pulsed radio-frequency radiation over large geographical areas. creates electromagnetic pulse effects similar to atmospheric thermonuclear devices.

The question became how to conduct trials and reach verdicts, assign penalties? The Great Geoengineering High-Crime Assault legal proceedings were going to make history. They would serve as the pattern for similar cases as people of the world continued to awaken and shut down the Threat Matrix.

Lisa Donahue advised Reed Smith, "I think we need to establish a precedent here consistent with the Nuremberg trials (1946) after WW2. Namely, that 'just following orders' or 'not being aware of committing an act of aggression that one should be aware of are not a defense to the criminal charge."

"Agreed," replied Smith. "I've also authorized my team to research reasonable penalties for violation of First Principles' life, liberty, and property, also committing specific, identifiable harm to individuals. Here's the table they came up with:"

RECOMMENDED GEOFNGINFERING CRIME SENTENCING RANGE⁴⁷

Description of Rank Offense	Range (Years)
Crew enabling operation of toxic atmospheric spraying (TAS) aircraft.	0.5-1
Ordinary operators at HAARP facilities.	0.5-1
Crew supervisors enabling operation of toxic atmospheric spraying (TAS) aircraft.	2-4
Senior operators at HAARP facilities.	2-4
Pilots flying TAS aircraft and spraying poison chemicals on persons and property.	4-8
Any supervisory person signing off on specific instances of geoengineering assault.	0.5-8 (based on # of acts)
Project management personnel, military or civilian, enabling geoengineering assault.	6-10
Senior executives or officers running or enabling projects of geoengineering assault.	10-Life
Planning and funding enablers at legislative and executive levels, e.g. voting for programs.	10-Life
Government-corporate planning architects and initiators and finance executives.	15-Life

tution payment to victims. It shall be the job of the judges and prosecution teams to devise the process and schedule of punishment for trial jury approval.

⁴⁷ The trial juries may translate any or all of the period of imprisonment into a program of restitution payments for damages to health and property. In which case, the table numbers serve as timeline for hour equivalents of compensation. The trial juries may also decide to sentence with both prison time and with resting the service of the service

Reed continued, "Note for any offense listed, it must be established that the individual knew or by the 'reasonable man' standard should have known his service operations were enabling commission of a major, potentially lethal, act of initiating force on persons and/or violations of property rights."

Lisa looked over the table and told Smith she would seek input from the grand jurors on the recommendations. But otherwise she was extremely happy with the line of action.

VACCINE COMPULSION GRAND JURY INDICTS DOZENS

Sacramento, California, September 15. More quietly than the federal geoengineering grand jury indictments, today was a banner day for vaccine freedom activists seeking an end to corporal dictatorship in the state of California.

Taking a cue from the growing readership of *The Truman Prophecy*, as well as being informed by the emerging VEJA (virtual empowered jury association) movement, a real grand jury was formed to investigate the pushing of compulsory vaccines on Californians. The 'Vaccine Compulsion and Medical Fascism' state grand jury began its investigation in early July.

Named in its presentments and indictments were prominent government officials, including state legislators voting for SB 277—the celebrated bill forcing public school children to be vaccinated without exception—and Governor Jerry Brown who enthusiastically signed the bill into law on June 30, 2015. They are all facing serious charges of violating First Principles; Governor Brown and California Senate leader Richard Pan will

certainly spend decades in prison, respectively, for their roles the criminal attacks.

Helping to bring about the grand jury, then evidence of the harm and extreme risk of vaccines, in general, were Clarkson Hodges, and leaders in the National Vaccine Information Center (NVIC) and the Natural Health Foundation. Brother Al initiated a conference call including Chance and all the principals that evening.

Chance started, "First, I must say how absolutely thrilled we are in the general Independents' Movement with your excellent news today."

Bro Al then chimed in, "We are particularly excited by the grand jury making inroads into the federal drug cartels... and their front organizations, e.g. the Center for Disease Control (CDC). What you have accomplished will lead to further investigation, at the federal level, into fraudulent science at CDC and at the highest echelons of the Pharmaceutical Cartel."

"Thanks, Chance. Thanks, Al," returned Clarkson. "We had a lot of input from some brave souls, including activist Brandy Vaughan, here, whom Merck and provax corporate hit squads have tried to silence.

2015/16 saw multiple incidents of criminal harassment, not to mention the unsolved murders of 30+ alternative medicine and naturopathic doctors. Incl.: Dr. Teresa Sievers, Dr. James Jeffrey Bradstreet, Dr. Nicholas Gonzalez, Dr. Bruce Hedendal, Dr. Baron Holt, Dr. Lisa Riley, roughly 25 others. So far.⁴⁸

"These indictments will go a long way toward turning the tables in our favor. And in making the vaccine and drug lords think twice before further encroaching on our liberties to make a buck.

"These indictments will go a long way toward turning the tables in our favor. And in making the vaccine and drug lords think twice before further encroaching on our liberties to make a buck. We expect, as the grand jury tool becomes widespread, to bring the drug cartel hit squads to bay, as well."

"Brandy, are you on the line," asked Chance.

"Yes, I am," she replied. "How are you, sir? I can't thank you enough—you and Clarkson—for having the vision to dust off the people's powerful grand jury tool. Everyone in the vaccine knowledge and choice movement, in California and nationwide, is ecstatic from today's announcements."

"You are so welcome, Brandy," said Chance.

"The whole grand jury team deserves the credit. I also want to send a nod out to *anyone* in the general movement to enhance awareness and practice of independent grand ju-

ries—Common Law, National Liberty Alliance, Lawless America, etc.—for their work.

"Virtually everyone on board with any of these organizations is genuinely motivated to see fundamental First Principles justice done... by fully empowered grand juries and fully informed trial juries of our true *peers*."

"That's right," Clarkson agreed. "Our Common Sense approach is effective, open source, and inherent to our institutions. Everyone has access now to a long-ignored justice tool, not only to bring serious government and corporate criminals to heel, but to hard stop the Reign of Terror by judicial/prosecutorial aggressions against ordinary peaceful citizens."

"Without a doubt," returned Barbara of the NVIC. "Many of us have given our adult lives to the fight for health and justice against the Big Pharma state. Until now, we never realized how powerful the grand jury can be. And how simple to get rolling. I can't put in words how grateful we are to you, Clarkson, to you, Chance, and to everyone on the CommonSense-Juries.org team. You're making our dreams come true.

"No more tilting at windmills."

Special State Grand Jury on Fry and Spy Meters, Lansing, Michigan. October 3. Today, the so-called 'Michigan Fry and Spy Meter' grand jury announced indictments of top energy officials and others for illegal spying and attempted manslaughter.

Today, the so-called 'Michigan Fry and Spy Meter' grand jury announced indictments of top energy officials and others for illegal spying and attempted manslaughter.

Individuals and corporations named included: The CEO and board members of DTE Energy, DTE Energy executives aggressively implementing the F&S programs, officials of corporations contracting to DTE Energy who knowingly participated in violations, members of the Michigan Public Service Committee, and chairmen of the energy committees of the Michigan House and Senate—who refused to hear citizen complaints of unwanted intrusion and harm caused by 'advanced' meters.
