30. A Collage of Michigan Bravehearts *August 08, 2021*

Two days ago thanks to Stand Up Michigan, Michigan for Vaccine Choice, and the Fight for Medical Freedom (find at gab.com), a rally was held at the Michigan capitol grounds. I attended. Good speakers, at the peak I would say the grounds were full of more than 1,000 demonstrators. I was expecting 10,000. The cause NEEDS 100,000 for events like this to turn the tide, put pressure on governments. Many signs of love.

A few hundred to start
