

The New Political Model: Free Choice in 'Government'

You never change things by fighting the existing reality. To change something build a new model that makes the old model obsolete."

—Buckminster Fuller

Now we come to the point... of what do we want to do as Libertarians (as we press for justice of Toto's revelations). My thinking leads to the following flowchart...

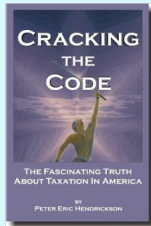

... showing that our species is on the threshold of either a) collapse (clinging like a drowning man to the old model) or b) letting go via 'constructive deconsent' and moving forward toward voluntary society. I see three solid tactics for moving 'right.'

Complementary liberty strategies

"The function of a civil resistor is to provoke response, and we will continue to provoke until they respond or they change the law. They are not in control. We are. That is the strength of civil resistance" —Mahatma Gandhi

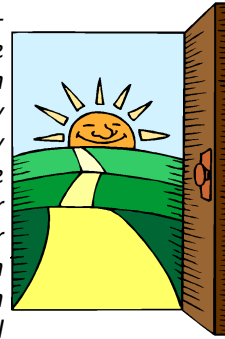

First, "see what works," then participate in it. For Michigan I recommend that LPMers join forces, individually and often, with the Campaign for Liberty minions. C4L has analogs to Gandhian civil resistance.

I've already mentioned the legal strategy of creating 'proper' (fully empowered) grand juries. Per applying the law qua 'Grand Liberator,' embrace Pete Hendrickson's discoveries on the federal 'income' tax.

Good Neighbor Libertarian

Of my creation, GNL employs 'many hands make light work' to build warm body count for good liberty causes. You participate by choosing an issue from the Threat Matrix—say GMOs or NDAA or chemtrails or 'smart' meters—then learn all you can. You attach yourself to a 'public official body' (POB) to agitate against the threat:

- Pick an issue.
- Attach to POB.
- Show up.

Then socialize and coordinate toward controlling the POB for liberty on that issue.

Occupy! 'Virtual Government'

From our own LPM vault of golden collage...

The LPM/LP has had [its only] success running and holding office in local POB positions. Let's merge 'what works' with choice in govt, the coming new political model. Briefly:

- Continue to run candidates, focus local
- Serious candidates only, meaning:
- Actually wish to hold the office... &/or
- Willing to occupy virtual office 2 hrs/wk
- Meet with other virtual LP officeholders
- Publish mtg. minutes
- Report to affiliates
- State officers maintain LPM structure

All evils are the effect of unconsciousness. You can alleviate the effects of unconsciousness, but you cannot eliminate them unless you eliminate their cause. **True change happens within, not without.** —Eckhart Tolle, *The Power of Now*

Big Picture—Thrive

The good news is for the truth and liberty community, someone of considerable wealth and stature has assembled a magnificent Weltanschauung (large worldview) called Thrive. Fully consistent with and supportive of all the truths, Thrive is the brainchild of Foster Gamble. With his wife, Kimberly, he has created an unparalleled umbrella video 'experience' and global action site that is well funded, leading edge, and completely libertarian

It has become clear that government is organized crime, **highly organized**, most recent incarnation known as the New World Order... run by the Men of the Power Sickness (MOPS).

The Barrier Cloud and the Threat Matrix

In my book *The Barrier Cloud* I write about the obstacle to a free society as blocking out consciousness: Those who wish to control us must first cloud and deceive our senses and natural inclination as living individual beings to 'want to know' and not aggress.

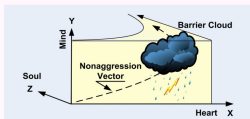

The external cause of our blindness is 'the control-freak elite' and the internal cause is the all too common 'Blind Obedience to Authority' syndrome.

A large number of our peers have 'taken the blue pill,' preferring not to know how or even whether their strings are being pulled by the MOPS.

THE BARRIER CLOUD

World Peace • Safe Streets • Abundance

High-tech mind control are 'they'

And it seems to me perfectly in the cards that there will be within the next generation or so a pharmacological method of making people love their servitude, and producing ... a kind of painless concentration camp for entire societies, so that people will in fact have their liberties taken away from them but will rather enjoy it, because they will be distracted from any desire to rebel by propaganda, brainwashing, or brainwashing enhanced by pharmacological methods." — Aldous Huxley, 1959

Mind control enables 'the Threat Matrix,' a set of high-crime assaults shown in the figure on next panel. These are coordinated crimes 'evincing a design to kill or enslave us.'

Yet the World is Waking Up: Satyagraha and the Wizard of Oz

Mahatma Gandhi on 9/11/1901 coined the concept Satyagraha—meaning Global Truth Force—which means a supreme moral stand for living reality vs. coercion-enabling deceit of illegitimate power via corrupt authority.

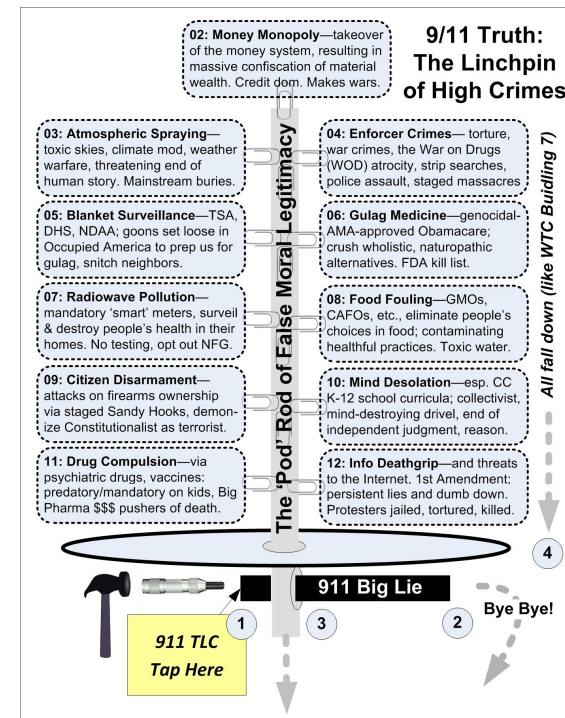

In the Wizard of Oz, Dorothy's dog Toto pulls back the curtain on the scary Wizard—thus revealing that his power is illusory and nonauthentic... he has only the power he tricks supplicants into giving him.

Thus our main task: delegitimize the old corrupt Wiz, with a whisk expose his nothing.

Also 'Dorothy Up': Truth-Letter Closure Campaigns

Also recall, to get what she wants, Dorothy shames the Wiz for his deception... analogous to people in real life taking steps to bring justice (fully empowered grand juries) based on first principles: life, liberty, property.

Applying the global truth force for any given high-crime assault—such as those shown in the above figure—means presenting evidence to a real grand jury to investigate and bring indictments.

This is the goal set in my *After 911 Truth*... that also creates a powerful tool of Satyagraha: simple personalized 'letters' to respected deniers that they read/view a truth work, then publicly declare for a proper investigation. That's all it takes!
