An advantage of writing one's first novel at standard retirement age, after decades of railing for righteous causes, is it provides the perfect occasion for 'lightening up.' Which isn't to say *The Truman Prophecy* deals with light or trifling issues, more that we should keep the Ice Ball Theory¹ in mind.

So please do not take anything herein too personally... or too, well, *seriously*. Only personally and seriously enough. My characters are clearly carrying on a grand polemic drama that implores the reader toward a grand individual decision. True or false? Independent or drone? Free or slave?

Red pill or blue pill?

... bringing up a major point: The Prophecy often tries to simplify its message via several longstanding cultural symbols—mainly movies and books—with which it assumes most readers are familiar. The red pill/blue pill choice comes from the 1999 movie, The Matrix; the book title itself relates to The Truman Show (1998) movie.

Other key symbols that show up at various times: Movie: The Wizard of Oz (1939); movie: Invasion of the Body Snatchers (1955); novel and movie: The Fountainhead (1943, 1949), by Ayn Rand; short story: The Emperor's New Suit (1837).

The latter piece by Hans Christian Andersen is the most apropos to the political thrust of the *Prophecy*. Which boils down to the Little Boy pointing out the obvious Big Lies of the royal entourage, while polite society recoils in disbelief... that anyone *dares* to question the King's official phantasm(s).

So easy does it. My Little Boy's stating the obvious will be unfamiliar, uncomfortable territory for readers still under Big Brother Media sway. I only ask that they (you) set your own eyes on the reality, think, and not look away.

¹ Ice Ball Theory: In a billion years or so, Earth will be an inanimate sphere of ice (or lava, or rock, etc.) and what we're doing, ourselves, in the next several thousand years probably won't mean much in the material world.

Remember, truthers only know that official stories are bunk; truth is determined by trial jury after grand jury indictment.

What's the difference between a prophecy and merely a story portraying a struggle for truth, justice, and liberty? Well, a prophecy asserts something of the result of the struggle; *this Prophecy*, frankly, conveys that the struggle will be successful. People will come to an awareness, an Independent Being consciousness—and declare themselves accordingly—in time to avert any Cosmic Bad News Scenario.

Note, too, that actual prophecies—of which the Truman is one (tongue in cheek)—are typically formed vaguely or nonliterally enough to admit a fair amount of deviation without being discarded. 'The Prophet' is fairly specific on events throughout 2016, and I (qua ghost writer) do envision them occurring (and will work diligently with others to see that they do). But if they don't happen exactly that way or of that scale, please don't slit your wrists or insist that I slit mine.

Let's content ourselves, in the case of nonliteral success, with having created a benevolent Virtual World—a vision to encourage subsequent iterations.

Some construction comments:

The novel includes plenty of journalistic reality. But characters to whom I've attributed actions germane to Prophecy Fulfillment I have tended to give fictional names.

In the table of contents, I draw attention to distinct, standalone segments of 'code' that help to illustrate the narrative or supply key lists [like the Threat Matrix (p. 24)]. Two of these recurring segments given special bolded headings are the '**10 Easy Pieces**' (ten pertinent facts that are not disputed by either side of an issue) and the '**Interlodes**' (page-length connective narrative, often lighter and character-driven).

ABOUT THE AUTHOR 270

THE TIN MAN'S HEART (SNOWDEN-MANNING)

"All through history, the way of truth and love has always won. There have always been tyrants and murderers and for a time they seem invincible, but in the end they always fail." Always. — Mahatma Gandhi

1st Quarter 2016

Home of Postman 2, Sterling Heights, Michigan. Trish turned off her TV in disgust. The 2016 presidential candidates snorted and pawed in the early forums leading into Primary Season.

She seldom watched mainstream anymore, but succumbed today in a moment of weakness: "Maybe this *one time* a ray of light will slip out between the dogs and ponies."

Fat chance. The Fog Machine doesn't do light:

"Candidate W, what about blanket NSA spying?"

"X, vaccine dangers?"

"Y, killing people with drones?"

"Z, why is Doreen Hendrickson in jail?"

Dream on, sister.

No questions on any high-crime of the *Threat Matrix*.

And what about liberty in general?

Rand Paul once showed hope with a filibuster on drones and comments against NSA blanket surveillance. That's about it. Until Planned Parenthood became his core issue.

Donald Trump, despite his flamboyant non-PC behavior, wouldn't know the Freedom Philosophy from Mother Goose.

Donald Trump, despite his flamboyant non-PC behavior, wouldn't know the Freedom Philosophy from Mother Goose.

Speaking of Ron Paul and the Freedom Philosophy now, Patty remembers hearing the good doctor address a cheering student crowd of several thousand at Michigan State during the 2012 primary. The *only* high-crime assault of the NWO that Dr. Ron identified was number 1 on the list: the Fed.

The best the Republican Party could do then—in the person of this quixotic liberty candidate—was to identify *one* high-crime assault. Yet, Ron Paul never identified the Fed as a *criminal* conspiracy of evil, thieving, murderous men, rather as an innocent error of knowledge, for want of the ruling class learning the Freedom Philosophy.

But, hey, it's something.

Now, today, with Son of Ron, we don't even have that.

For Rand and the Clueless Remainder of 2016 Major-Party presidential candidates the Threat Matrix is an illusion, the New World Order is an illusion, the ruling class Men of the Power Sickness are illusions. Nothing to see here. Nothing to talk about there.

[Elections are merely show-business contrived persons vying for control over some minor operation of the global Death Star; nothing that remotely questions or threatens the plans for full-spectrum dominance by the Empire ever surfaces. It's all just a puppet show for the Blue Pillers.]

Nor does Rand want to bring up the Fed or, more pertinent, the insidious banking cartel that runs our economy and aims to own us all... down to the microchip up the ol' wazoo. Thus seeing grounds for a slave revolt, Trish appreciates the constructive vision of one artist/scientist/social critic Miles Mathis articulated in his Update of May 1, 2011 (milesw-mathis.com):

"Get ready for a national strike. A lot of this stuff won't end until we end it. The system is fatally corrupt and is going to have to be shut down and restarted, just like your computer when it freezes.

"The Federal Reserve is going to have to be ended and the banks are going to have to be heavily regulated. Same for Wall Street. They have you afraid of a market crash, but that is what we need. The thing is, we need to be in charge of the crash, not the bankers. If they are in charge of it, they take our money. If we are in charge of it, we take their money (or we take our money back from them).

"They have you believing that all this debt is real, even though it has been proven to be manufactured. That is, they have you believing that poor people still owe more money to rich people! They have you believing that taxpayers need to pay off all this debt, but taxpayers are poor and those who loaned the money (or stole it) are rich. How does that make sense?

"No, the debt should actually be reversed. These banks and corporations and other institutions should be gutted, their assets seized along with the assets of the billionaires, their hidden assets found, and all this money should be returned, as theft and graft. If China needs to be paid back, let Goldman Sachs pay them back. Goldman Sachs has more assets than most countries, assets which they stole.

"They have you thinking that this would be bad, since they have convinced you that these big corporations actually do something that needs to be done. They don't. These banks and financial institutions and insurance companies and investment companies and other Wall Street entities don't actually provide any services or products. They exist solely to siphon off money.

"The best thing we could do is shut them all down. We then won't have less money in the real markets, we will have more, since we won't have lost all the money they are currently stealing.

Miles showing the can-do spirit that made America great. Definitely NOT ready for primetime presidential forums.

"These banks and corporations and other institutions should be gutted, their assets seized along with the assets of the billionaires, their hidden assets found, and all this money should be returned, as theft and graft."

What was the straw having Trish reach for the remote?

It was Governor Christie calling for taking DNA samples from anyone *arrested* for a felony offense and supporting expanded civil asset forfeiture by police... where 'at calm and deliberate officer discretion' they can simply come into your home, haul off your HDTV, jewelry, gold, silver, cash,

computers, and your girlfriend.

Bad enough. But then from NO ONE—the media, the candidates, or the audience—was heard a single discouraging word... a few comments on being tough on crime...then break for commercial. Yikes! Everyone's a zombie on the march.

She was understanding at a gut level the Big Picture, groking her key role in the fulfillment of the Truman Prophecy. It lay in the second key phase:

Phase 1: Jury Power

Phase 2: Snowden-Manning

Phase 3: Independents' Movement

Only the phases overlapped one another in time.

The essence of Snowden-Manning?

... a symbolic assertion of consensus by millions of Americans on how their country can be **fixed**... especially in light of the federal government's attacks on NSA whistleblower Edward Snowden and Army Wikileaker Bradley/Chelsea Manning.

The summary 10-points of the Snowden-Manning 'campaign' from the Prophecy proper:

1. Expose federal crimes
2. Indict federal criminals
3. Restore the innocent
4. Hard stop Big Brother
5. Shut down the Empire
6. Enforce the Constitution
7. End high-crime assaults
8. Defund tyranny
9. Revive honest living
10. Apply First Principles

Many of the same points were being addressed in the grand jury restoration phase, bringing health to the justice system overall. Chance had also built into his Independents' program, especially the 'Sacred' Independents' Testament documents, many of the provisions in SnowMan16. Or was it the other way around?

Website and Org, Ypsilanti, Michigan. On the superficial level—which is to generate massive favorable popular sentiment—Chance and the early Trumans set up the Snowden-Manning campaign to look like a presidential race.

In the overall Truman Prophecy fulfillment effort, the actual Website and organization for Snowden-Manning 16 was set up first. A former Libertarian Party of Michigan hotshot, Sam Yrzedeczniak of Ypsilanti (Ypsi Sam) picked up the ball.

INTERLODE: WHITHER THE LP/LPM?

Performance-driving enthusiast, automotive engineer, and 30-something go-getter Ypsi Sam, a few years ago when he lived in Flint, had spent an unconscionable amount of time (and several hundred dollars of his own money) trying to bring some semblance of, well, normal middle-class, dual-gender, all-age, outreach-oriented appeal to the Genesee County LP affiliate. Only to be met with harsh rejection by reps of a bizarre national sect of Goth nihilist-anarchists—sort of Libertarian Macho Flash meets Samuel Konkin III.

The Genesee Boys' Club, despite its members' eternal harangues for Purity of Anarchist Essence—no compromise with any institution or instrument of 'Existing Coercive Government' at any level or for any reason—sought to take over the state LP, which of course is a political party whose objective is to run candidates for office in 'Existing Coercive Government.' (?)

Before their planned grand ascendancy into the upper echelons of power and glory of the state party, they made sure their affiliate base in Flint was iron solid. Ypsi Sam wandered into their meeting lair at the Paleolithic Bar & Grill on Saginaw Street back in 2011. They even had a woman, Sheila, working with them for a while. Sheila actually did everything that needed, you know, *doing...* newsletter, Webwork, notices, setting up the speakers, greeting guests, being friendly. But she got tired of trying to pull the cart with all these self-righteous, pontificating deadbeats weighing it down, and left.

Ypsi helped Sheila for a while, and seeing that the group was floundering in the PR department—the meeting room was dingy and dark, a guest would walk in and wonder if he'd mistakenly stumbled into a local casting call for *Night of the Living Dead: Next Generation* (except there were hardly ever any females). While Sheila was still there, Sam threw in ~\$1500 to get a professional Website upgrade. The Boys gave Ypsi plenty of line, saying how much they appreciated his work, all the while pursuing their grim, apocalyptic course into Michigan power elitedom.

Chance felt for the young man, Ypsi, that is. Chance had also had strange encounters with ringleaders 1 and 2, Witchdoctor and Attila, respectively. Most memorable, Chance cited an Ayn Rand phrase in a Facebook post: "morality ends where a gun begins." To which Witchdoctor eloquently replied, "Rand's a dick." (!) Attila spewed his own set of headscratchers, sprinkling in profanity without rhyme or reason. Modus operandi? Bunch o' *guys* sit around a table, dimly lit room, brag about pirating DVDs and CDs, and giggle uncontrollably while scratching the Ⓐ (anarchy) sign in the table surface under the placemats.

Anyway, Ypsi left the party ~2012. Chance hung on 'til 2015. The LPM Old Guard had also abandoned ship. Leaving a few well-meaning newbies, basically without any help, pretty much outgunned by the Gotharchist Gang. Chance's humble view: The LP fulfilled its mission (libertarian legitimacy)... by ~1988. It never reinvented its strategy to account for the Old World Order and the Threat Matrix attacks; therefore it remained in its original OWO sandbox. Time to declare as valid, even heroic, the 'little victories' we true believers created with her during her heyday. LP restoration? Miracles are always possible, especially in '16. ☺

Anyway, Y-Sam stepped up to get the SnowMan site up and running. [Snowden-Manning.org was the first incarnation of the Truman-Indies' Web presence, and (along with the Toto Foundation and, later, the Dorothy Foundation) would soon be folded into the Society of Independents Website (society-ofindependents.org).]

It [Snowden-Manning 2016] would look like a presidential campaign and appeal to the average American's love of 'partying' politics.

Y-Sam, Chance, the Postmen, and other principal operations folks saw SnowMan as an attractive popular bait—people would see the idea as novel, fun, and risk free. It would look like a presidential

campaign and appeal to the average American's love of 'partying' politics. After all, who has more fun than politicians and the faithful going to conventions and running in horse races. It's like sports, an American obsession.

Bumper stickers and other paraphernalia were the top priority here in early 2016. Pique people's interest, give them something to talk about at cocktail parties. Challenge the conventional wisdom while appearing to be on the leading edge of what's happenin' now.

Bumper sticker sales via the official site were picking up. In fact, that was the Prophet's initial concept of SnowMan: to make a simple visible moral statement rejecting the US Death Star political system. What's better than a culture-changing phrase or bumper sticker that catches on?

Most people first coming to the site expected to see a full blown write-in presidential campaign in progress. Alas, while site organizers would not discourage anyone from writing in Ed Snowden and Chelsea Manning for Prez and Veep, they decided early on that SM would be a political *program* rather than a political election campaign.

The foundation of that program lay in the personal qualities represented by the two named individuals, themselves. Both risked their lives—and have suffered dearly—to expose US federal atrocities against the Constitution and against humanity.

The people coming to the Snowden-Manning banner are taking a stand for justice or, more accurately, against federal INjustice and all the accouterments of false moral legitimacy that make the horrific evils of the state possible.

They are unfurling that banner in the face of the Power:
“A pox on all your houses. We are no longer with you.”

We deconsent. Let go. Leave. No doors hit our asses.

That concrete act of withdrawing consent, withholding moral sanction, strikes fear deep into the center of the Men of the Power Sickness. Qua parasite, they know that consent and sanction are the only way they get to eat and survive.

Ypsilanti Sam got the picture, and as the first man through the Web swamp realized he had his hands full with skyrocketing the marketing process. Especially, when you considered the ambitiousness of what Chance wanted to convey: namely, SnowMan's deep Independent-related objectives

Chance, despite his older and wiser perspective on the denouement of the organization he had helped set in motion, completely felt—like a father experiencing vicariously the pain and frustration of a son's first love gone bad—the inner agony Ypsi had gone through with the LP of Michigan.

Ypsi had come aboard with such enthusiasm and commitment to making the ideas of liberty real and vital for the hard-times residents of Flint and surrounding areas... then saw his young hopes dashed—not by rejection of his target audience, but by a churlish brushoff from an inner Idiocracy of posturing dolts. As they broke into pieces the edifice Ypsi had conscientiously constructed for the affiliate, they never gave him the courtesy of credit or a hint of reasoning.

Once bitten, twice shy. But Chance knew that once Ypsi regained his footing and felt a trust returning for valuable causes, like the Prophecy, Ypsi would be golden. A diamond rescued from the rough.

Plan One was to develop a Website and facilities for blanketing the country in ‘signage’—developed via a Café-Press sort of operation, i.e. bumper stickers, t-shirts, coffee cups, lapel pins, banners, brochures, etc.—suggestive of a Snowden-Manning 2016 presidential campaign.

.BUT. instead of supporting any candidacy, the anticipated widely popular promotionals point to a Website where a common-sense 10-point program sets forth how decent, caring American citizens, together, can take back their republic... as follows:

THE SNOWDEN-MANNING 10-POINT PROGRAM

1. **Expose federal crimes**—Proceed to clean house by full exposure and disclosure of government-official felony crimes. Revealing government crimes is not a crime.
2. **Indict federal criminals:** Fully empowered grand juries shall be restored to investigate and indict criminal activity by government officials and associates.
3. **Restore the innocent:** No one who has *not* aggressed upon another person shall be prosecuted, convicted, or imprisoned by government.
4. **Hard stop Big Brother:** Immediately deactivate and defund the DHS, NSA, CIA, TSA; repeal the Patriot Act and indefinite detention of the NDAA, try all officials (for high treason) who enacted such unconstitutional scourges.
5. **Shut down the Empire:** Reduce military spending 50%/yr. for 10 yrs.; destroy weapons of mass destruction (in coordination with potential threat states), starting with the US's; demilitarize/defederalize US law enforcement; strictly adhere to *posse comitatus*.
6. **Enforce the Constitution:** Prosecute (those committing) unconstitutional executive orders, due process violations, civil forfeiture, war crimes, illegal surveillance, drone strikes on civilians, mass imprisonment, and mass murder. (Etc.)
7. **End high-crime assaults:** Urgently bring before empowered grand juries all parties to suspected high-crime assaults: toxic skies, GMOs, forced medicine, 'smart' meters, 9/11 and other false-flags, staged massacres, etc.
8. **Defund tyranny:** Per uncontested federal law, nonprivileged direct earnings are *not* income. Stop paying tax on them, NOW! Read *Cracking the Code: The fascinating truth about taxation in America* and quit handing to Leviathan the hammer forging your chains.
9. **Revive honest living:** End monopoly central banks and assess owners for reparations; release wealth-generating bonanza of productive humanity from cartel chokehold; withdraw state privilege from corporations worldwide.
10. **Apply First Principles:** Per the Declaration of Independence, rights are accorded by Nature; valid governments require voluntary consent. We the people may nonaggressively opt out of rogue states, individually or *en masse*.

TALK AMONGST OURSELVES...

If America were not suffering from 'a long train of abuses and usurpations' to the point of death, the SnowMan prescription above would not be necessary. The cure could be offered in three broad steps:

- 1) Obey and uphold the Constitution—presupposing reading and understanding it.
- 2) Transition any decent unconstitutional program to the market humanely.
- 3) Realize corporations are not people and have no rights under the Constitution.

Thinking of the country as a garden, these three steps would be sufficient for tending it and routinely managing daily threats. Unfortunately, our garden has been overtaken by the Eggplant that Ate Chicago so the care program entails some aggressive weeding.

As the discerning person may note, the 10 Points and their premises form a coherent ideological thrust. One that—like Jefferson's Declaration of Independence—is self-evident... but requires considerable back and forth among concerned Americans to effect the reality. Many individuals during launch were forwarding helpful construction concepts, and generally being useful. The SnowMan site, in Ypsi Sam's good hands, was about to blossom.

2nd Quarter 2016

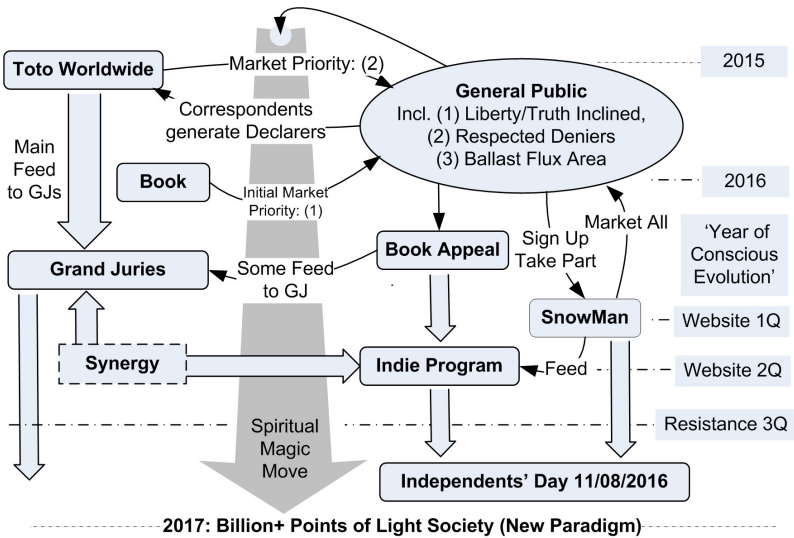

Second Coordinators' Meeting, April 15, Okemos, Michigan. Similar attendance from first meeting, all the principals—Prophet and the Postmen, Webmasters, key ops and security people, leaders of the Michigan Toto Affiliates and head Correspondents, an emissary selected by the non-Michigan Totos that had come on board since January.

The security aspect would become more important at the third and final coordinators' meeting. Today, the topic of note was 'Integration.' That and the founding persons and chief operators listening to what people were experiencing in the field—and of course suggestions for improvement.

They met in the afternoon using a larger conference room at the Holiday Inn off the Okemos Road exit of I-96. Chance

had prepared a pamphlet and a presentation this time, and after pleasantries, took the floor.

“Hello, everyone. Let me start by congratulating everyone here for seeing the big picture of the Prophecy and being willing to act in its fulfillment. The key task we have now is integration,” Chance referred to the following dataflow diagram.

“At the risk of scaring off some readers, I’m including this diagram in the book for the benefit of those whose support for a cause requires awareness of the Big Picture. [And for engineering geeks like me who insist on knowing the nuts and bolts of things.]

“Let’s not get wrapped up in the details, but let’s do try to use the flow chart to manage our efforts. The most important thing to keep in mind, for ANYTHING in 2016, is a) this is *the* Year of Conscious Evolution and b) **the Spiritual Magic Move is proving to be the prime driver of the Prophecy.**

“All the Prophecy Fulfillers—that would be you in this room and anyone participating in one of the three major ‘Dorothy’ projects, whether in a line role or staff role—just keep on truckin’, following your authentic swings, but also constantly be ‘selling’ the message of Independent consciousness. [Chance pointed to a table on an easel showing success indicators for the Prophecy.]

“The two best sales tools—well, three—are the Spiritual Magic Move (SM2), the *Truman Prophecy* book, and the *Independents' Field Manual*... which outlines organization, operations, and roles. Note we have recently integrated the SM2 into a pocket-sized three-fold sales and description brochure for both the book and the handbook. [These minibrochures are perfect to serve as business cards, mailers, leaving to stand upright in restaurants/bars or coffee shops, or just handing to someone as descriptive literature.] Numbers are good considering late start.

“Also, to repeat the quote from our friend, Lao Tzu:

If you want to awaken all of humanity, then awaken all of yourself. If you want to eliminate the suffering of the world, then eliminate all that is dark and negative in yourself. Truly, the greatest gift you have to give is that of your own self-transformation.

“Our magic bullet is the SM2. Very important: by transforming ourselves through its use, people will be drawn to the peace that emanates from us. So keep your practice of the SM2 current, feel the peace and the flow. That is fundamentally what we are doing as Fulfillers and Independents: sharing our peace with the world. That's really all it takes, the details work themselves out thru divine providence... so long as we continue to “row toward shore.”

“The M2 and deeper Prophecy-related qualities are described in Part 1 of the book. Brother Al and Ypsi can fill you in on our sales and marketing numbers. What I can say is the trends are strong toward a major breakthrough in public awareness... which will also coalesce the threatened authorities into some form of physical response.

So keep your practice of the SM2 current, feel the peace and the flow. That is fundamentally what we are doing as Fulfillers and Independents: sharing our peace with the world.

“We haven't seen anything appreciable yet. I don't think the national security state has the framework for understanding how to deal with a) the Toto truth foundations of what we're doing, b) the distributed popular recovery of grand juries [and the SnowMan16 campaign], and c) vast numbers of an emergent Independent human life form self liberating.

"The only Truman element they have any familiarity with handling is the SnowMan campaign, but even there we still hang on to Constitutional protection of our freedom of association."

Brother Al spoke up, "Chance, could you please discuss what you see as the most likely composition of the authority response you see coming in the third quarter."

"Certainly. The conceptual nature of our Independents' program gives it a quality of a mystical enterprise insofar as the enforcer community is concerned. And our key ideas are universal to all men, not any sort of hierarchy where you can cut off or delegitimize the head. That constrains the enforcers, of course, in how to respond to the threat.

"They'll try to thwart—mainly by general suppression and, then, harassment of key individuals—the grand jury restorations. But with so many people figuring out the legal reality and embracing First Principles *en masse*, the authorities face a hopeless task of stonewalling.

"My best guess is they'll focus on SnowMan and SnowMan16, because that's about the only activity their limited imaginations can wrap themselves around .AND., more important, for which their acts of aggression have any chance of working.

"We have the big event, Declaration Day, planned initially thru the SnowMan16 campaign. And we'll keep that as planned; it will look as if the SnowMan16 project and site are the instigators.

"We'll have—indeed, we now *have*—three independent Websites corresponding to each Dorothy salient:

- a) **CommonSenseJuries.org**—the umbrella site for recovering "the people's native justice institution," namely grand juries (indictment) and trial juries (prosecution) of (especially) public-official crimes.
- b) **Snowden-Manning.org**—popular front attracting conscientious, caring citizens and political independents... to support two unjustly persecuted individuals in an apparent run for president/VP.
- c) **SocietyofIndependents.org**—the breakthrough salient is the socio-psychological dawn of the Independents, to which all roads lead; *the SOI site will be the integrating Website.*

“Note, as well, that the SOI site coincides with the irresistible spiritual synergy unleashed thru the Spiritual Magic Move. A nation and world full of Independent beings approaching full consciousness is simply too big for the Old World Order to combat... or even comprehend.

“So all we’re really going to see is reactive OWO force applied, predominantly against anything that looks like a mass, in-the-streets protest. (Ref. the Occupy Movement.)

“Which means SnowMan16 will be the likely point of resistance or suppression by the authorities. Expect a sequence of police-state disruptions of SnowMan activities in the 3rd quarter and a show of (militarized and federalized) police power in and around the Snyder Complex, in Novi, for days leading up to and including the Independents’ Day (ID) convention.

“We’ll be sending out information on our cryptographically secure channels toward the end of the 2nd quarter... and talk more about what to expect at our August coordinators’ meeting.”

Trish queried, “Chance, can you speak to what sorts of routine police-disruptions we’re looking at for SnowMan in the 3rd quarter leading up to the ID real space gathering(s)?”

“Yes, of course. But Brother Al has been leading our preparations in that regard, so let me ask him to say a few words.”

“Thanks, Chance,” said Al, taking the floor. “What we’re anticipating is some routine sniping by the DHS, UHS, et al, toward the Coordinators, including Toto principals (top Correspondents and organizers)—official intimidation letters, agents showing up at the door asking questions, bogus traffic stops, charges of espionage and threats of arrest, and perhaps an actual arrest or two. That sort of thing.

“Also, for allies with whose work we are integrating our activities—such as noteworthy Hendrickson-CtC educated tax filers (Karen, please take note)—they may see an escalation of bureaucratic harassment. Sadly, Pete and Doreen will remain objects of major interest for a few months longer.

“What I see, though, frankly, is not much real change in the neurarchy’s practices: Because of its lack of imagination, it’s pretty much stuck in the rut of its Operation Chaos-staged incidents (domestic and foreign) and increased monitoring of ‘right-wingers’—i.e. anyone speaking out for the Constitution, regulated militias, or challenging federal authority.

“These petty attacks are designed to weaken the moral resolve of those having higher-level awareness of how the Truman pieces fit together, hence, especially, support for Snow-Man16. Our intelligence sees the hostile acts beginning in July and escalating to maximum in September, i.e. for the entire 3rd quarter.

“The good news is twofold:

“First, because we are wholly nonviolent and lawful in our approach, casting our efforts in a Ghandian light of Satyagraha (global truth force), it will make no sense to the state to thrust its overwhelming brute force against our nonforce/non-threats (which would create millions of converts to our side).

“Second, thanks to general truth movements already in effect and growing stronger daily, many of us see an imminent *truth and justice breakthru...* either with grand jury indictments on geoengineering assaults—we are close to convening a real California independent federal grand jury there—, or 9/11, or compulsory fry-and-spy utility meters, etc.

“My personal opinion is that the neurarchy is on the verge of complete central collapse as a consequence of its arrogant, hamhanded Sandy Hook massacre hoax back in December 2012. The bandwagon for truth and justice really got rolling toward the end of 2015, when Amazon and Barnes & Noble precipitously ‘banned’ (refused to list) the book, *Nobody Died at Sandy Hook*, by James Fetzer, PhD, et al.

“Then a piece of detailed media-photo research surfaced on YouTube early 2016, entitled “Newtown NUKE! Sandy Hook FAKE FBI on TV,” and it pretty much establishes without a doubt that the children, parents, and other participants in Sandy Hoax were anything but so-called crisis actors.

“The Bam-Bam moment may occur as early as this month... or the government can possibly forestall it until post election, but I doubt it. When it occurs, I want all Truman fans, Independents, and lead Fulfillers to stay the course. For one thing, we are the main ones set up to indict and prosecute the wholesale corruption via independent grand jury(s).

Note: One consequence of collapse of the Old World Order is immediate attention to remediating the high-crime assaults of its Threat Matrix—especially the geoengineering damage we MUST address YESTERDAY or else face planet annihilation.

INTERLODE: SANDY HOOK: A HOAX TOO FAR?

COMMENTS AND BOOK REVIEW BY HIRAM T. CHANCE:

On Tuesday, January 5, from Newtown, Connecticut, Obama shed crocodile near tears for all the real and fake victims of the staged shootings we've seen escalate for the past half-decade or so... while PUSHING TO DISARM US. [Funny: he never cries for the Pakistani children his drones blow to pieces.]

The good news is that it actually appears to a reasonable certainty that nobody did die at Sandy Hook on 12/14/12. Why do I suspect this? Well, after reviewing the recent mainstream-publisher-'banned' book *Nobody Died at Sandy Hook* I must tentatively agree:

- School not operational
- No dead bodies
- Scheduled FEMA drill
- Fake persons, images, and documents
- Lying public officials and (inferior) crisis actors
- Foreknowledge; long-term planning by deep-state personnel

I'm not completely convinced, and am keeping an open mind. But I have to tell my readers that every new media appearance by those buying or selling the official story of SH just makes it clearer and clearer that the federal government and media are trying desperately to put one over on us for some very bad motives. [Not that the federal government or media would ever lie to us, of course.:)]

Here's a comment (all of them positive so far) on my book review from a serious longtime SH researcher:

"Thanks for a fair review of damning facts that expose Sandy Hook as a criminal hoax. The evidence documented in the book is overwhelming to prove beyond reasonable doubt that Sandy Hook was a dilapidated former school used for storage that was staged for a drill that was sold as a real school massacre." – Carl Herman

CONVENE A GRAND JURY, INDEPENDENT AND EMPOWERED!

I think Carl very likely has it right, SH was a false-flag CRIME that must be fully prosecuted by the people. Let's all continue to research the incident as dispassionately and independently as possible, but in the meantime convene an independent, fully empowered grand jury—probably a federal (2nd) district court—to answer all the hard questions. Are we the people up to such an act of reason and courage? Who will write the petition to the GJ?

PS: For those who feel Snopes or Wikipedia are objective sources of information about matters of this kind, *Nobody Died at Sandy Hook* effortlessly slices and dices their frail complicities. To cover up a crime and stonewall investigation after the fact is as much a crime as its commission. It's over. Stand down, and confess, now, to avoid more serious consequences.

Brother Al finished: “We’ll become fully prepared by early third quarter. Over the past couple of years, I have been privileged to work with—let’s just call them—‘Kindly Visitors,’ who seek the same vibrant and healthy planet that we do. We have jointly developed some special nonaggression tools, in the nature of stealth weapons, to neutralize collectivist acts of violence against nonaggressive human beings. We are on the verge of general distribution throughout our network. Stay tuned. Everything will come clear in the next few months.”

“With that, I’ll close the meeting. You are all welcome to mix and remain here for the next hour. Some of us will be adjourning to Stillwater over on Okemos Road.

“Whoops! Almost forgot. I announced at the beginning that suggestions and general discussion of experiences are welcome, and they are. Let me throw open the floor now to the latter.”

Several shared their thoughts and general excitement.

They then milled around for a while, coming to the front to get a view of the detailed success-factor chart for roughly the first four months of 2016, the Year of Conscious Evolution:

Success Factor Item	Number
<i>The Truman Prophecy</i> , book sales	5,021
Independents’ Field Manual	176
Promotional three-folds distributed	125,500
Toto Affiliate/Chapters, Michigan	11
Toto Affiliate/Chapters, non-Michigan	3
Virtual Independent Common Sense Grand Juries ⁵⁰	56
Independent grand juries formed	4
Independent grand juries making presentments	0
Snowden-Manning 16 bumper stickers	2,255
SnowMan16/Independents’ Day signups	45
Independents’ (SIT) Declarations	480
Independents’ (SIT) Affidavits	315
<i>Cracking the Code</i> , Boycott Increment Factor (BIF) ⁵¹	200%

⁵⁰ Note: The virtual grand juries, as well as the real Common Sense grand juries solely refer to cases against public officials and their associates for gross willful misconduct in office.

⁵¹ The CtC Boycott Increment Factor (BIF) is a weighted measure of book sales and CtC educated ‘income’ tax filings (for refunds of incorrectly paid or withheld tax) compared to the previous quarter’s value.

“Let me *especially* emphasize the shaded success-factoid in the table, namely sales of Pete Hendrickson’s *Cracking the Code* and the increase in numbers of so-called educated income tax filings for recovery of incorrectly paid or withheld income taxes. Then let me *re-emphasize* its significance:

“As all of you are now aware, with the advent of the Hendrickson Discovery published 13 years ago, we **know** that the income tax is an excise on the exercise of a federal privilege and does not apply to direct earnings not so privileged. To this point, since 2003, hundreds of thousands of individuals have filed ‘educated,’ recovering upward of an aggregate \$3 billion from the US and state treasuries—as public servants routinely process these returns according to law. (Ref. p. 35)

“What happens if the people stop paying the annual ~\$3 trillion of income taxes **they do not owe**? End of Threat Matrix. End of War Machine. End of Leviathan. Welcome the Age of Independents.

“We also know that corrupt officials in treasury and justice, along with treasonous judges and behind-the-scenes, federal-mob elites, do not *LIKE* to obey the income tax law... and are terrified that the broad mass of Americans will discover the Discovery, so to speak, and reclaim the vast amount of

property taken from them by subterfuge and error. [Which explains the atrocities committed by these corrupt, treasonous officials against the Hendricksons, as well as occasional bureaucratic harassment of legitimate educated filers.]

“The core engine of Fulfillment of the Truman Prophecy is great wealth recovery by the people via the Hendrickson Discovery with its simultaneous great wealth *denial* to Leviathan’s Threat Matrix of high-crime assaults. If the state can’t pay for its aggression, it can’t aggress. Simple as that.

“What happens if the people stop paying the annual ~\$3 trillion of income taxes **they do not owe**? End of Threat Matrix. End of War Machine. End of Leviathan. Welcome the *Age of Independents*.

“Applying the Hendrickson Discovery is effectively the ultimate National Boycott. One that every Truman Fulfiller needs to promote to the rafters as our key measurable success barometer. Thus, look to the Boycott Increment Factor as a Prophecy status telltale.”

Homeland Security Political Affairs Office, Great Lakes Region, Chicago, IL., June 2016. Finally somebody from the Civilian division—Analyst Smith of the People’s subsection—had informed director Harry M. Sally of connections between a resurgent Jury Power movement and what seemed an odd notion for a presidential write-in campaign.

She had called him a week ago, in a bit of a frazzle, questioning whether “*ANYONE* in DHS or UHS was going to try to *do ANYTHING* about these friggin’ Truman people!?” Well, he assured her, *he*, Harry M. Sally, was the man for the job.

In fact, he’d already read *The Truman Prophecy*. In fact, he’d already been tracking the Snowden-Manning activity—which was under the purview of his office. And in fact, he was damned determined not to look like the Keystone Kops that the so-called Prophet wrote about in this very chapter.

Using the internal resources of his own office, personally monitoring the social networks and the public information from Web and street sources, then putting a couple of his best agents on ‘the Tool’—a kind of computerized crystal ball for predicting behavior, developed by the DARPA boys—, Harry was able to piece together some ‘what ifs.’

He called the chief Tool operator, Sanchez Gusto-Blasé, into his office:

“So, Goose, what’s the computer spitting out on this Snowden-Manning 2016 business?”

“Nothing much, sir. Threat level flag still green (Ain’t Never Gon’ Happen)... and that’s on the Remote setting,” Sanchez replied. “Just another windmill-tilt project from Boomer flameout, Hiram T. Chance, in SE Michigan.”

“Nothing much, sir. Threat level flag still green (Ain’t Never Gon’ Happen)... and that’s on the Remote setting,” Sanchez replied. “Just another windmill-tilt project from Boomer flameout, Hiram T. Chance, in SE Michigan.”

“You mean the Coffee-Something blogger?” asked Sally.

“That’s him. Give the guy credit for trying, but he’s one long procession of screen-door submarines. Nothing ever gets off the ground, a maximum of three people worldwide know what he’s talking about... even among friends and family.”

“Chance. Hmmm. He’s written some books, right?”

“Yes sir, here’s a rundown:

- ☞ First was on his Free State (New Hampshire) experiences (*New Pilgrim Chronicles*, 2006);
- ☞ then his libertarian manifesto, *The Sacred Nonaggression Principle* (2007/2010);
- ☞ a travelogue on a trip he took with his mother, *Don't Throw Mama off the Turnpike* (2009);
- ☞ a Mom bio (*Mother's Stone*, 2013)—she suffered and eventually died from polycystic kidney disease;
- ☞ returning to political works: *Leaving the Sandbox* (2014), dealing with Libertarian Party grand strategy;
- ☞ and *The Motor City Witchcraft Trial(s)* (2014) about the Soviet style show trial of Doreen Hendrickson;
- ☞ finally, a digest of 9/11 Truth, with an action plan for spreading it, *After 9/11 Truth* (2015).

“He maintains the Coffee-Something commentaries and reviews, going on now eight years, definitely an intellectual voice and presence in the generic libertarian-constitutionalist-individualist resistance. But total book sales aren’t enough to fill up (the glove box of) my old Hummer.

“We’ve told the Tool to low-level track the dude and to raise a flag on anything showing, you know, effectiveness.”

Which mollified Sally for the time being.

“So Hiram Chance is a different drummer in a one-man band, eh?” Harry queried.

“That’s about the size of things, boss.”

“Is he on the rollup list when we go martial, start sending the do-gooders to the camps?”

“You bet.”

“So Hiram Chance is a different drummer in a one-man band, eh?” Harry queried.

“That’s about the size of things, boss.”

“Good,” said Sally. “Remember what Soviet Premier Nikita Khrushchev said as he sent in the tanks to squash the Hungarian Revolution: ‘All we had to do to avoid all this was to kill a few writers.’”

Sanchez still was concerned that this Chance fellow might bode more trouble than met the eye: “Sir, to your point, should we kick this file-activity up to

Concepts? No one here is qualified to deal with Meaning or Understanding at the level that we suspect very likely exists in the targeted individual's writings."

"Good point, Goose. Our tools lack the sophistication to predict consequences of imagination... or even to grasp how it works. And this Chance guy, thru his idealistic scratchings, may be the one in a thousand to ignite an out-of-control Spontaneous."

"We sure don't want any of those on our watch, sir."

"No we certainly don't," agreed Sally, thinking of the several Spontanea he'd seen during his time with the government—antiwar, Occupy, 9/11 and all the truth movements, Sandy Hook and other staged massacres, etc.—that nearly toppled the Junta. ... and still might. "Go ahead and prepare the paperwork."

"On it, sir," and Gusto-Blasé left the office.

As a highly placed bureaucrat with a distinguished career (by federal government standards), Harry could easily rest on his laurels. [Doing nothing rarely resulted in negative attention, indeed, it usually advanced one's position and earnings.] In his late 50s now, with retirement looming, he thought what better time to indulge the urge to be conscientious.

Referring a case file—especially such a remote case as Hiram T. Chance's—upstairs to the Concepts branch of the DHS Special Projects division carried some career risk. Concepts was always busy. Moreover the branch tended to be stuffed with *prima donna*, abstraction-addicted gay men.

Dealing with those pompous, compulsive queen bees was a royal pain—and he knew, best-case, they'd back-burner the Chance file for two to three months while dicking around with their multidimensional chess games or watching Richard Simmons reruns. Plus, even in the smart electronics era, the wheels of G bureaucracies turned slowly... he'd be lucky to get the analysis back by spring.

"Heck with it," he thought. "Nothing to lose."

Harry M. Sally put in the call, then sent up the analysis file.

3rd Quarter 2016

Integration Work into Truman and Full Tilt SnowMan Operations, Ypsilanti/Novi, Declaration Day Finalization of Preparations. The early Fulfillment work, frankly, was all laid out and managed by Chance from his own Website, then later with the assistance of Ypsi Sam. Neither of them were particularly geek-educated or gifted, but they “knew someone who was” ... and he was the same guy. In fact, the man they wanted was coming off work with Brother Al on the LP of Michigan during the waning days of Bro Al's participation there. His name was Mark Matthews.

Mark was a master of the Wordpress platform, particularly its latest security upgrades and plugins. Chance and the others worked with him a little bit, picked his brain, in the month of June. Then he came on board July 1.

The really good news was that Prophecy Fulfillment activities were climbing off the charts—very fortunate since the book itself was delayed by about two months. The helpful irony of the later publication lay in the fact that by staying open to the insights that were coming to him, Chance was able to create new sources of appeal, new synergies that would accelerate growth to compensate:

The really good news was that Prophecy Fulfillment activities were climbing off the charts.

In particular, the inclusion of the Spiritual Magic Move proved to be not only a) a powerful sales tool (word of mouth spread of a one-page, five-step cultivation practice that actually brought ‘joy, ease, and lightness’ to virtually everyone doing it) but b) a strong ju-jitsu maneuver adroitly turning opponents away from the Dark Side and toward Indie.

The better, more completely executed book led to sales that vastly exceeded expectations, to say the least. Similarly, the growth multiple for the companion *Independents' Field Manual* went from 2 to 5 between the 2nd quarter and the 3rd.

The rapid rise in business presented some real upheaval in the lives of Chance and other leading Truman operations personnel. But it meant people could be paid, too.

Matthews, who initially would be developing and running the SocietyofIndependents.org site, would ultimately become the lead Webmaster for all the Truman sites. Annualized payroll at start of 3rd quarter stood at \$100,000, with capital outlay one-tenth of that, and monthly expenses \$20K.

The concepts and the Independents' movement, were entering the big time. The details and numbers weren't nearly so important as the need to assure that the increased complexity of operations did not drown or diminish committed Indies' vision or their ongoing Fulfillment responsibilities. Which were:

- To *achieve* a flourishing society of Independents
- To *sustain* a flourishing society of Independents
- To *remediate* the damages to people and planet... the longstanding ravages of the Men of the Power Sickness and the neurarchy they created.

Adam Smith called it the Spontaneous Order.

The Prophet calls the Billion+ Points of Light Society.

The Trumans and Indies were entering the achieve phase... with a lot of work to do. An analogy to free men at war has merit: during WW2, observers remarked that Americans managed to be successful in campaigns often without direction from high officers, who may have been lost or killed. The average GI was aware of the general objective, looked at his situation independently, and chipped in to do what needed doing. Without being ordered.

Chance foresaw that the best deployment of 'troops' would be accomplished if no one a) tried to do everything, b) tried to everything at once, and/or c) tried to everything all by himself.

That widespread self-reliant, independent quality of Americans had diminished considerably with the rise of Leviathan, but sufficient numbers remained to seed the rise and walk of the Indies. These were the ones signing up, also becoming Toto Correspondents, Website staffers and volunteers, accounting helpers, organizers, admin and clerical, writers, teachers, security hands, and so on.

Chance foresaw that the best deployment of 'troops' would be accomplished if no one a) tried to do everything, b) tried to everything at once, and/or c) tried to everything all by himself.

Thus, it became a mantra from the gitgo that a volunteer or staff would focus on one or two areas of work/activity. Three areas max.

One could always talk up and further sales of The Truman Prophecy and the Independents' Field Manual. Perhaps even arrange to speak on the movement at your local library.

To the immediate point of how to prepare for or handle anticipated acts of aggression in connection with the SnowMan16 gatherings and Independents' Day events, Brother Al took leadership responsibility. Earlier in the year he had acquired access to antiaggression (AA) tools courtesy of a benefactor with alleged contact with other intelligent beings (OIBs).

These tools or antiweapons included capabilities to:

- 1) repel/neutralize physical blows or projectiles
- 2) make impotent most aggressive weapons
- 3) render immediately unconscious human assailants
- 4) cloak assailant targets rendering them invisible and undetectable for short periods of time,
- 5) (for well-trained users) provide limited telekinesis/transportive powers for moving assailants and would be assailants and their equipment to sequestered locations.
- 6) confine aggressors benignly, autohealing wounds, then releasing them upon confirmable oath of refusing to aggress further

In addition to the above more direct physical protectants, Al was given access to technologies that render private communications unsurveillable and a complete raft of identity simulations that even provided records in core databases searched by state Intelligence or law enforcement services.

Brother Al's network, pre-Prophecy, was full of persons opposing wanton state power, particularly the federal. The Truman signups—whether grand jury, SnowMan, or full-bore Independents—thus, walked into a turnkey system that placed a high priority on self-and-community defense. Most newbies gladly assumed roles in the cyber and realspace militia and readily learned the advanced tech.

Now, early in the 3rd quarter of 2016, funding was becoming abundant, too. To the point no conventional central government even with its NSA or federalized police-state equivalent was a match for the Indies' antiaggression underground. Or even the *overground*, with tools in the right hands.

Note: Fulfillment of the Truman Prophecy is premised on continuity of American civil society, i.e. no total financial collapse, contrived catastrophe, or nationwide natural disaster. But even if these occur, the Independents' movement is conducive to expedited reconstruction and restoration.

It was becoming clear that global empire was losing any hope of moral sanction and the people were about to turn on it *en masse*. The Independents held the only real hope for humanity as a whole to survive, then live long and prosper. 2016 was living up to its billing as the Year of Conscious Evolution. Big Brother *de Oz* was losing authority and power daily.

It was becoming clear that global empire was losing any hope of moral sanction and the people were about to turn on it en masse. The Independents held the only real hope for humanity as a whole to survive, then live long and prosper....

Key personnel in government, starting with the Oath Keepers were simply turning on their superiors, refusing to obey unconstitutional orders. Many were joining the Independents.

Great Lakes Region, DHS Attacks. Using antiquated statutes that provided a pretense of legitimate authority, Harry Sally worked with military Jade Helm North officials to plot against the Independents' movement. He had read *The Truman Prophecy*, where the high-level dataflow diagram for Fulfillment was posted.

Sally's plan of attack was two-phased:

- 1) Subterfuge, dirty tricks
- 2) Show of force at the Independents' Day big event(s)

The team would schedule Phase 1 for August and September, which then, if successful, would disrupt the capability of the Indies to make hay worldwide via their Election Day 2016 festivities. The main purpose of the attack would be to

short-circuit the burgeoning grand jury recovery movement spreading like wildfire across the country.

How? By judicial prosecution of the leaders, that's how.

Harry, in fact, was the DHS point man for the high cabal orders to railroad Doreen Hendrickson. DHS and Friends were about to direct the same sort of treachery against leaders in the Truman-Indie-inspired resurrected grand jury movement, in late 3Q16.

What troubled Harry, though, was this grand jury movement had every Tom, Dick, and Mary organization that ever even *heard* of a people-controlled grand jury getting in on the act—Common Law, National Liberty Alliance, Lawful America, Just Us for Justice (left-oriented), Hey Y'all, Judge *This!* (red-neck-oriented), etc. For any particular petition or 'request to appear' before a grand jury it was impossible to know just who or what organization was driving the bus.

The Truman-Indies and their Common Sense grand juries had by far the most traction. Good judges were enabling the people's access to *their* grand juries and facilitating the operations. Per the Prophecy's status tables, more than 400 empowered citizens' grand juries had formed to investigate gross official corruption... with a comparable number of presentments effected.

Bad news, because now any hope for a successful sting operation (against grand-jury movement leaders) would be off like a prom dress.

"Whatever," Sally said to himself. "We've got to plod ahead and do our jobs, be success oriented, never take counsel of our fears, all that stuff. We're in touch with that highly proficient UHS subsection run by Ana Smith. They'll know the leaders we can go after to derail the juggernaut!"

He put in a call to Ms. Smith right then.

"Ana, how are you? This is Harry Sally. I have a concern regarding the Truman-Prophecy-led independent grand jury efforts. What I'd appreciate, *urgently*, is a writeup on who are the best targets to go after with dirty tricks—closing bank accounts, labeling Websites as hazards, accusations of sex crimes, pilfering credit cards, SWAT team raids, ambushing with civil forfeiture, you know, the standard drill?"

"Hello, Harry, how have you been," Ana responded. "I'll be glad to help. I'll put my A-Team right on it!"

INTERLODE: THE TURNING OF ANALYST SMITH

What she didn't tell Mr. Sally was that she had reached a personal breaking point with this Homeland Security business. Ana had come on board in 2012 with a mixture of hero-worship and strange affection for the then-secretary of DHS, Janet Napolitano. They were close to the same age.

Ana identified with Nappy's pluck, becoming attorney general (top state law enforcement *henchperson*) then governor (top state mob *boss*) of Arizona and inserting herself as she did, at the highest level, into the male-dominated world of America (.AND. for chrissakes, Israel!)-Über-Alles state security. Lord knows the Divine Ms. N. didn't get to the top of her profession of beating peons into submission by sleeping her way there. Moreover, Ana deeply admired Janet for standing tall against those ugly rumors of same-sex orientation.

Janet's dictum: "If I'm Gay Big Sister, make the most of it!"

Ana also warmed to Janet's statements that anyone who criticized or made fun of the Department should be subject to prosecution for, well, "aiding and abetting terrorism," as Ana recalled. [Though as far as Ana could determine, no statute for such a crime was ever forthcoming.]

Ana—after a lifetime of being diminished by anyone who got too close to her—so identified with what heroine Janet had likewise appeared to have gone thru. Ana even had met Janet—be still, my heart—once, at a state dinner, with all the high muckety-mucks moving around ... "she had me at hello..." or was that jello?

But enough romantic reverie...

This whole business emerging from the Truman Prophecy had caused Ana to reevaluate her life. For one thing, that doggone Spiritual Magic Move the Prophet had thrown in there—probably at the last minute—had tempted Ana into a trial. She applied the five steps of SM2 one night a month ago when she was having trouble sleeping. Bingo. She found her Deep Quiet, the Joyous Stillness, stayed there for a transcendent eternity of a few minutes, then fell into the most restoring sleep she'd ever experienced.

"Whoa! I don't know what this guy is selling, but I'm buying!" she felt.

One thing led to another, more magic move sessions. She started breathing better, her health improved, she lost weight, she even stopped going into convulsions when Everett forgot her triple-lattes in the morning. Instead of 'Monkey Brain from the Dark Side' controlling 'her,' 'she' was learning to *wag* her mind. And the more she came in charge, she saw in a heartbeat that the Prophecy was right and needed to be fulfilled. Whoops!

Like a 1980s Russian gymnast in Times Square, Ana was going to defect.

The icing on the cake for her decision came her encounters with Balph Bu-
fort, Harry Sally, Trenton Farquardt, and the others. Psychos and Sleazos and Bears, OH MY. These guys were certifiable! And the Janet Napolitanos and Analyst Smiths of the world were merely polite-society enablers and conduits to a Medieval nightmare—unfolding: a multid denominational hell of concentration camps, torture chambers, and mainstream Newspeak 24/7.

Ana would covertly use her position to aid the Independents' cause.

IOW, she would lead Sally along...

"Yes, I've had a team pulling records and looking into the personal and professional lives of Hiram Chance, Alfonse Jefferson, Patrecia Bartlett, all the Toto affiliate and chapter leaders, lead Correspondents, the Web people, wives, husbands, families, you name it. But especially the people in the Common Sense Grand Jury movement; they're in the cross-hairs."

"Great, why don't we put together a joint task force," Sally said, "to prepare our targets for the main menu of attacks."

"Sure thing," Ana said. "I'll get back with you in a couple of days." She hung up the phone.

What she didn't tell Harry was that anyone remotely on the inside with the Truman enterprise was thoroughly cloaked in their cyberspace exposure. Including bank accounts, email conversations, Web activities, even conversations on the phone... which used a special channel cloud of an open-source Skype competitor.

Other LEOs and high-level G-men besides Ana had also been infiltrated and turned. Indeed, one could walk into the average government office—secret or not—and see a copy of the Prophet's Spiritual Magic Move posted in the coffee room. Mind control in reverse.

Further, if some group of LEO muscleheads opted for direct assault on a residence or business, Truman-Indie AA tech made short work of the force. Usually resulting in unconsciousness of the officer(s) and transport to a safe house, where they would be subjected to aural suggestion techniques and revived. Most would wake up muttering pro-Indie slogans and abjure their government duties on the spot.

Other LEOs and high-level G-men besides Ana had also been infiltrated and turned. Indeed, one could walk into the average government office—secret or not—and see a copy of the Prophet's Spiritual Magic Move posted in the coffee room. Mind control in reverse. And effective. Hardly anyone wanted to work for the government anymore, at least not in any enforcement capacity, *especially* not against the Truman-Indies.

The only G-types seemingly immune to the magic move and subsequent alignment toward the light were in the most

brainwashed, steroid-thumping mercenary groups and special forces—the ‘brain-dead sand-pounder’ category.

So, basically Ana’s plan was ‘rope a dope.’ Stall and forestall, cooperating with Sally’s political affairs office and any UHS/DHS enforcement edicts, but without full disclosure. Eventually, Sally’s people would figure out their targets were unassailable. And by that time (another two months down the road), the Prophecy success factor numbers would quadruple again.

And because virtually everyone in the government was bailing out because of the Magic Move, and joining the Indies, no one would be left to attack. Independents’ Day will look like the final scene in *V for Vendetta* where the people walk through the soldiers in front of the Parliament.

4th Quarter 2016

Novi/Lansing/Ypsi, Michigan, Final Preps for the SnowMan Show and Independents’ Day. Thanks to the turning power of the Spiritual Magic Move and to the National Boycott via Hendrickson, the attacks from DHS and other points that were expected to happen didn’t. The only real hurdle as the Truman-Indies proceeded to ID was a bit of guerilla theater expected from the local yokels pretending a Soviet, Red-Chinese-style May Day march of troops and tanks near the Snyder complex.

Skids greased, all Truman-Indie operations personnel with AA tools at the ready prepared for the Big Day. The symbolic main event, would be held in conjunction with Election Day 2016 (November 8) in Novi at the Snyder Jumboplex. As September closed and October began, staff from both SnowMan and Indie sites worked together: feverishly answering calls and queries; fine-tuning events, presentations, and ceremonies; and making sure the Big Event would go smoothly as planned.

The Prophecy initially foretold of multiple large-scale gatherings around the country, but the late publication date for the book rendered those hopes forlorn. Brother Al and his operations team scaled down the convention activity to one large event, here at the Snyder to house 5,000 attendees for one lively day. That would be more consistent with the power distribution concept of the Billion+ Points of Light paradigm.

The movement would compensate for the lack of multiple stadium-sized events—even though numbers of people seeking to register for the convention by late September exceeded 25,000—by widespread interactive Webcast, so that any individual or business owner with a Web hookup could view and interact. [The number of individuals and businesses ('local victory nodes') who had signed up for the streaming was in the thousands.]

The movement would compensate for lack of multiple stadium-sized events... by wide distribution via interactive Webcast, so that any individual or business owner with a Web hookup could view and interact.

Bro Al explained to Chance what it was going to look like in terms of information flow:

“Basically, Chance, it’s a standard hub and spoke arrangement, only where data, audio, and video not only flow both ways between an individual spoke-end (victory node) and the hub (Novi Center) but also in a duplex fashion between one spoke-end and any other. There will be a communications single-point contact coordinator, with any needed staff, at the hub.

“We’ll use interdomain multicast routing (IMR) to stream information via live Webcast from the hub stage as well as from any floor cams or auxiliary conference rooms. Ypsi Sam and Mark are working out the coverage details, from the day’s agenda, using one of the premier professional production companies in the country.

Chance was plowing every penny of book revenue back into promotion of the three Dorothy salients: jury power, SnowMan16, and the Independents' Movement.

“What that looks like is full point-to-point messaging and limited voice communications accompanying the central Webcast. The team responsible for the overall Web feed will be able to place banner messages on screen from any point.

“The Independents’ Day celebrations throughout the network are our big day of going public with our intentions. So they are an occasion for two things: 1) the Declaration part and 2) the celebration part. But as the ongoing organization behind the scenes we know our work is by no means finished on 11/08/16.

"In fact, it's only just begun. We, the Society of Independents' principals, need to use the Great Day as a catapult for recruitment, for fundraising (though *Prophecy* book sales continue to climb), for sharing out the turning meme of the Spiritual Magic Move, and, finally, going worldwide.

"What we are doing with the Independents' Movement, in military strategy terms, is a surprise attack of incredible focus and depth. The tapeworm society we are undoing literally has no idea what they're dealing with or what has hit them. Nor must they be given any time to figure it out and reform themselves... or, more likely, push the self-destruct button.

"Accordingly, we need to use Independents' Day (ID) to order and coalesce our forces and press our advantage into a complete rout over the ensuing months of 2017—meaning outgrow the dead, old collectivist model at lightning speed. Bring all hands on deck to turn millions of Independents into billions of Independents virtually overnight, thus saving our species and the planet. [We'll have great synergy, too, with the allied *Thrive* site: thrivemovement.com.]

"It will be done," finished Brother Al.

"Thanks, Al, I couldn't have said it better myself," remarked Chance. "On the Friday following ID, we'll prepare for 2017 and beyond by distributed high-council gatherings to lay out milestones and plans, embrace the immense work required for remediation."

"Oh, two more things," said Al:

- "The shift of focus from Snowden-Manning to Independents' Society programs will be transparent and seamless. It will occur at the convention, leveraging the SnowMan's 10 Points (p. 194).
- "Also, my New Libertarian Overworld minions have covered all the bases regarding any street-level show of force. As you know, by that time our adversary's center likely will have collapsed; LEO defections are increasing at phenomenal rates.

"Nothing is going to spoil your big day, Prophet Chance," concluded Brother Al with a faint bow of the head.

"It's going to be grand," said Chance. "Thanks, Bro."

INDEPENDENTS' DAY

NOVEMBER 8, 2016

Novi, Michigan.

FANFARE!

Despite the massive parade-style, police-state presence, traffic lanes were fully cleared by local authorities and the Snyder Jumboplex gates opened for parking at 0800 sharp. Long lines of cars queued for entry from east and west along Grand River Avenue.

Billed as the Kickoff of the Next Stage [of human evolution]—and because so many wanted to show up in person on a BIG stage for this cosmic Independents' Day portal—tickets had to be meted out. Standard package was \$50 two weeks or more in advance, which covered everything including parking. If you waited an additional week, the cost doubled, and no registrations were accepted after that.

No big deal. Because anyone with an Internet hookup would be able to see and display any 'official' large-scale portal event they wished. With WiFi, a laptop, and a TV with an HDMI cable port, Joe's Bar could host its own Independents' Day portal... without the messy traffic and throngs of people.

The so-called victory node alt-events—at restaurants, bars, people's rec rooms—became the main outlet for public Independents' Day ceremonies.

Initial plans for multiple large public facilities were more ambitious—an American 'Indie 500' with an average of 10 big-stage sites per state—but the months' late book publication scuttled such ambitions. Novi would be the only Independents' Day mass-celebration site. With feeds to the nodes.

THE 'VOTE'

Who knew what today would bring? In the 2012 presidential election, total votes cast for president were, rounding off, 127 million (66 for O-Bomb-Ya, 61 for Romney).

The Independents' Declaration Day key event was a symbolic vote for the virtual Snowden-Manning 2016 ticket. Of those in online and present, 100% would so 'vote.'

Chance felt he had decent talent for presenting concepts to stir the imagination, but also judged his visualization skills to be second tier. In terms of the Prophecy's culminating event, as he first penned the novel, he really didn't know what to expect in terms of size or numbers.

So much would depend on whether the book captured successive waves of general interest. And that, in turn, would depend on whether the Spiritual Magic Move... etc., etc.

In the draft, he threw together outrageous numbers for a symbolic vote of 50-75 million votes for the Snowden-Manning virtual ticket. What planet was that coming from?! To be fair, that range of votes was predicated on the American 'Indie 500' (an average of 10 major convention facilities in all 50 states) public event extravaganza. (!) Also Fantasy Island range.

Short of Divine (or Benevolent Alien) intervention, nothing like those numbers *for virtual candidates*, at that, would ever happen. Because such numbers would mean practically instantaneous understanding and agreement by roughly the same number of people who once followed singer Katy Perry on Twitter. So maybe it *is* possible, then. 😊

What Chance did know, was sure of, is that the ideas of the Prophecy were solid pillars on which to build a new healthful society. It would be based on independent conceptual knowledge, the nonaggression principle, and citizens' grand juries to completely monitor and shut down government official deviancy and corruption of First Principles.

The recipe he'd formulated was a good one. And, he imagined, fairly clear to communicate. The Snowden-Manning campaign made sense for bringing regular people into the fold of understanding the more rigorous concepts of truth, justice, and stepping up to Independent psychology. It would be coming together. Just no way to know how quickly or thoroughly.

Per SWAG (strategic wild-ass guess) Chance figured there would be rapid take up by scores of already sympathetic liberty persons, then word of mouth distribution. [Aided by the various site literature/paraphernalia, the Toto organization, the grand jury movement, and the Independents' steps. Don't forget synergies with the various truth movement activists... and especially *Cracking the Code* with potential for a step function national boycott!]

That was the true wild card in Chance's Prophecy. Any Toto project or sub-cause could go viral immediately. All these sparks of liberty and truth—from 9/11 to GMOs to Fry & Spy meters to staged massacres—were dry kindling ready to ignite. Which would be first? Any of them would cascade to the others overnight.

Or justice. Consider this: the people seeing obvious fraud in, for instance, crisis actor David Wheeler participating in the staged hoax massacre Sandy Hook. They not only expose him, they initiate a complaint to form a citizens' grand jury to investigate and bring indictments. It only takes one indictment! Maybe David Wheeler, maybe some other actor, maybe a public official like the Connecticut coroner contradicting himself, or a school official refusing to respond to a FOIA request.

You get one indictment by a federal or state grand jury of a single person for any of the high crime assaults of the Threat Matrix, and the whole house of cards falls down in a heartbeat.

You get one indictment by a federal or state grand jury of a single person for any of the high crime assaults of the Threat Matrix, and the whole house of cards falls down in a heartbeat.

The nuts are the off the buggy entirely.

No way to predict the up side of such a linchpin event.

... or, say, Doreen Hendrickson wins her appeal!

But assuming no linchpin event in 2016—an insanely conservative assumption—worst case best guess for total Snowden-Manning 'vote' count on Independents' Day 2016:

500,000 [50 million max if the linchpin event occurs].

Probably higher than all the third-party presidential tickets, except the Libertarians, which due to the special circumstances, could draw a million to two million.

And here in Novi, Michigan, at the Snyder Jumboplex for Full-Spectrum Corporate-State Dominance, all 5000 of the wild throng were going SnowMan all the way. [Or 4999, as a renegade Libertarian snuck in and voted None of the Above.]

And as Paul Harvey says, "The rest of the story..." is a program that befits the horse they rode in on: Convention. Hoopla, letting loose. Ceremony: An Independents' Day worth its salt, including homage to Mr. Jefferson and Mr. Adams:

- 1000-1015: Invocation: Spiritual Magic Move
- 1015-1100: Keynote: Prophecy and Independents
- 1100-1200: Truth: Reports from Toto Affiliates
- 1200-1300: Lunch on your own
- 1300-1400: Justice: Reports from Dorothy Affiliates
- 1500-1600: Independents: Who we are and will be
- 1600-1700: Independents' Oath and Declaration
 - *To include reading of the United States' Declaration of Independence (scheduled: Mr. Dennis Marburger, Constitutional liberty activist extraordinaire and rousing public speaker)*
- 1700-1705: Moment of silent respects to one's memorable departed great souls of liberty

Liberty: To which we pledge

"our lives, our fortunes, and our sacred honor,"

and move adroitly toward a 'Billion+ Points of Light' galaxy.

Followed by a long evening of share-the-love festivities.

The lit tables and exhibits filled the convention hall periphery. Freedom brunches, banquets, parties, hospitality suites, and other social gatherings fill the hours... well into the night.

The Vote was being tallied from this central Novi site all day, from 7:00 a.m. to 10:00 p.m. Eastern and multicast to all the victory nodes in real time. Regardless of the results, Snowden-Manning had become much more than a symbolic political gesture: it was the familiar public face for the ongoing truth, justice, and liberty message of the Independents' Movement as a whole.

HERE AT THE NOVI SNYDER

Soon to be renamed...

The shot heard round the world.

Cutting the strings, breaking the chains.

Humanity rising! The Death Star in ashes.

On the 'day of,' yes, public officials decreed or implied that the Independents were terrorists. Swarms of fusion cops in SWAT riot gear showed up at the doorstep; they paraded menacingly... but no one, despite H.M. Sally's protestations, had given authorization for martial law violations.

The poobahs of runaway government huffed and puffed, but, when it came down to the nitty gritty, they chose *not* to blow the house down. Reason? Well, it's their house, too. Or it maybe it simply boiled down to the 'ordinary lazy government employee attitude' prevailing over 'crazed American Pie enforcer' out for another apocalyptic fix.

Independents' Day, of course, was not celebrated by everyone, certainly not the dying coal-stokers of Big Brother Media—who made quite a fuss over Establishment Election Show '16 and how the future of humankind hung in the balance. Not once did the media mainstream refer to the SnowMan16 campaign.

In fact what Ed Snowden and Chelsea Manning represented, respectively—battle against the 24/7-everyone surveillance state and independent news of the federal government's heinous crimes—received no attention at all.

So what difference was it going to make, really, which of the major party candidates would sashay down Pennsylvania Avenue in January to plop into the Oval Office? Except, perhaps if it's Hillary Clinton (or Donald Trump, for that matter), many predict civil war the next day. [The standard system fell to ashes, once and for all, when the statists rudely shut out Ron Paul and the Freedom Philosophy in 2012.]

Chance and his surrounding Fulfillers rejoiced here in the hinterland of Novi, Michigan, today the true center of human history—just as what transpired at Independence Hall, Philadelphia, July 1776. The Old World Order, now as then, would take a devastating blow. Only this time, no vestige of the *ancien regime* would be coming back to haunt us.

Tonight, the joy, ease, and lightness stemming from Chance's serendipitous Spiritual Magic Move discovery animated virtually all of the Truman Fulfiller intimates. What a special occasion, a fulfillment within the Fulfillment! So this is how it feels to hold an unchanging youth, as Ayn Rand once put it, "to reach at the end the vision with which one started."

They were all here: Bro Al, Trish, Ypsi Sam, Mark, the Toto early leaders, supporters among his liberty Republican ranks, his few friends and fewer family, his darling Arianna who had finally come around, and of course Brandy. Maybe, finally, with the cause's lion's share behind them and a new world being built day-by-day, there'd be time enough for love.

AFTERLODE: A WALK ON THE CALM SIDE

They met later in the week at the sprawling Cranbrook arts and education complex in Bloomfield Hills, north of Detroit. For so many in the area who appreciated the finer things—especially in the hard-charging days of the Motor City's industrial might—Cranbrook provided a pastoral respite and cultural inspiration for the common man. For free.

As he opened the car door for Brandy in the parking lot off Lone Pine Road, Chance asked, "So is this your first experience of Cranbrook?"

"Yes," she said. "I came here from Oklahoma only 15 years ago, and even though I've lived in Oakland County for a good share of the time, I just never took the time to drop by."

It was a pleasant, breezy November day, in the high 40s, sunshine, minimal stratospheric toxic dumps, following a night of light rain. Fall leaf colors, peaking a week ago, were still intensely brilliant. The two of them crossed Lone Pine into the grounds, then he escorted her immediately to the right along the ever spirit-nourishing Cranbrook walking trail.

"Brandy," he came right out, "we've managed to spend some major quality time together since we met at the coordinators' meeting last January. Well, that is, we've managed to steal a few precious, quiet moments here and there in the 'club car' of the Prophecy train pummeling through space."

"Even some quality time in the 'sleeping car,'" Brandy pointed out, smugly.

"Yes, that, too," Chance felt himself blushing. "You can't imagine how ALL these interludes with you have invigorated me, made me whole and happy. You mean so much to me. For long unprecedented stretches I have felt like a man clicking on all cylinders. I've fallen in love."

"*We've* fallen in love," she said.

"... and that's what we need to discuss and face," Chance continued. "We've talked about it already—even put our thoughts on paper. I'm 66, you're 33. Yes, the gene pool has been amazingly good to me, and I've enhanced my well being thru healthful practices and nutrition. More important, I've finally achieved full spiritual consciousness... as have you, at a precocious age I might add.

"Further, it appears I'll have considerable material riches, with success of *The Truman Prophecy*. AND. the Truman Prophecy (that is, the book and its liberating content). Part of that success means life-enhancement and rejuvenation technology/knowledge will no longer be suppressed or denied to the people. So if I should naturally reach the mid-90s, a youthful, indefinite life span is a real possibility. But... Finally, let me just say that my ex-wife still feels like my de facto wife; I won't abandon her when the generation-older boyfriend passes on."

Chance felt that he shot the hostage with that last confession. But the feel of Brandy's hand holding his and the walking rhythm had not altered a smidgeon. Without a word, they both went into the deep stillness... until the Swan Pond.

Then she said, "Chance, We know and love each other. You're my ideal man. I can't imagine life without you. I want to be the alpha and omega of your world. I want to bear your child... or children. All the rest, well, doesn't *matter*."

"All right, then," he managed, then solemnly: "I do."
